STUTZ PAYS \$100 FINE FOR HAVING LIQUOR IN STOCK

E. Wisconsin-ave Saloon-keeper Pleads Guilty in Municipal Court

Harry Stutz, one of the two E Wisconsin-ave soft drink parlor proprietors, whose establishments were raided Wednesday morning by three state prohibition officers, was fined \$10 and costs when he appeared before Judge Berg in municipal court Thursday morning. His license was ordered revoked. He was charged with having liquor on his premises and also with retaining evidence. It was his first offense.

The complaint was signed by Thomas Kingston, a prohibition officer. When Kingston and his companions entered Stutz's place of business, he was alleged to have thrown one bottle of liquor out of the window, breaking the bottle and spilling the contents. Three more bottles containing liquor were found by the dry officers.

The other place raided Wednesday was that of E. Eisch, 702 E. Wisconsin-ave, who Tuesday was sentenced in the house of correction in Milwaukee. A two or three saloon jug containing alleged liquor was found on the Eisch premises.

LITTLE CHUTE VETS PLAN NET BALL TEAM

Preliminary steps toward organizing a volleyball team were taken at the meeting of the Jacob Copps post of the American legion at Little Chute Wednesday night. Organization probably will take place at the next regular meeting of the post in February.

The legion is planning to hold an old hard time party on Feb. 11 at Legion hall. Edward Williams and Henry Heefakker are in charge of arrangements. Two other dances on Jan. 22 and Jan. 26 will be given at the hall by members of the post.

Preparations for a Fourth of July celebration have been started by the Little Chute band and by the legion.

AUSTRIA'S NOTED DEAD IN CENTRAL CEMETERY

Vienna—(AP)—Surrounded by hedges and cypresses and set aside in deep quietude, the honor section of Central Cemetery of Vienna is Austria's burial place for its distinguished dead.

Here the Austrians have prepared a resting place for their great men in the realms of art, music, literature, science and architecture, which in beauty of location compares favorably with the finest in Europe, not excepting the Tomb of Mazzini in the wonderful Campo Santo of Genoa, Italy.

In one group are the tombs of painters, such as Hans Makart, Leopold C. Mueller and August von Pettenkofer, as well as of literary men, including the playwright, Ansgaruber.

The group of mounds before which most persons stand with bared heads, is that holding the remains of Beethoven and Schubert, and, a little distance away, of Brahms, Gluck, Hugo Wolf and Johann Strauss.

MAY ORGANIZE METAL WORKERS SOCIETY HERE

Foundrymen in Conference at Extension Division Office Plan Organization

Organization of a foundrymen's association for the northeastern part of Wisconsin and probably for the entire state may be the outcome of a metallurgy conference of representatives of various foundries in this vicinity held Wednesday night under the auspices of the extension division of the University of Wisconsin in the conference room adjoining the extension office.

The conference was addressed by Professor R. S. MacCaffery of the University of Wisconsin who conducted an investigation and research in the fields of metals. The address was the cause of an enhanced discussion resulting in a decision to appoint a committee to lay plans for a permanent organization.

Carleton Secker of the Appleton Machine company, was named chairman of the committee, and representatives of the Whitmore Machine and Foundry Co. of Menasha, the Moloch company, Kaukauna, the Valley Iron Works, Appleton, and the Brillion works, Brillion, will work with him on the committees. Its first meeting will be held at the extension office Wednesday evening.

About 25 representatives of foundries in Appleton and surrounding cities were present. A talk was also given by Prof. E. J. Elliott of the University of Wisconsin, on the cooperative plan between the College of Engineering and the industries. He promised the cooperation of the university in helping the industries solve their problems.

U-TURN TEST CASE IS POSTPONED TO JAN. 27

The case of A. J. Bauer, W. College-ave plumber, arrested for making a U-turn in front of his place of business has been adjourned until Wednesday, Jan. 27 upon an agreement of attorneys. Mr. Bauer intends to fight the case and his attorneys are preparing for a legal battle. The case probably will be a legal test of the U-turn ordinance as Mr. Bauer and several other merchants on the south side of the avenue will fight it on the grounds that it is a nuisance.

PIMPPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

URGE ALL PAST DIRECTORS TO HEAR C. C. MAN

William Butterworth, Who Talks Friday Night, Was at Rome Economic Meeting

An effort is being made to have all the members of the present board of directors and all former directors of the chamber of commerce present at the meeting to be addressed in the Conway hotel at 5:15 Friday evening by William Butterworth, vice president of the United States Chamber of Commerce. Other business men are also invited to be present.

Mr. Butterworth has been president of Deere & Co., Moline, Ill., manufacturers of farm machinery, since 1907. He has been prominent in farm implement and vehicle associations and has given a great deal of time to both national and international chambers of commerce. He is at present a member of the departmental committee for the manufacturing department of the national chamber, which deals with problems of manufacturers, such as business statistics, cost accounting, industrial relations, simplification of varieties and styles.

As a member of the American delegation which attended the Rome meeting of the International Chamber of Commerce nearly three years ago, Mr. Butterworth took a part in framing the declarations of that meeting which preceded the adoption of the Dawes plan for reparations payments. The Rome meeting was one of the important factors in the movement looking to the economic restoration of Europe. The meeting declared that the troubles of Europe were largely economic and asked for a settlement on a business basis.

Mr. Butterworth will be accompanied here by John N. Van der Vries, manager of the Chicago office of the national chamber. Business affairs of America and Europe will be discussed.

BUSINESS MUST CUT COSTS TO SUCCEED

Manufacturers must cut down their costs, instead of raising their prices if they want to succeed, J. L. Newton, president of the Investors Economic Service Co. of Milwaukee, said in an address to Appleton Kiwanis club Wednesday noon at the Conway hotel. Mr. Newton's subject was the Business Outlook and some of its Applications. He said the business outlook for the next six months is favorable if the manufacturers will cut costs.

Mr. Newton graduated from Lawrence college with the class of 1909. For a number of years he was connected with the Roger Babson Statistical organization before becoming president of the Milwaukee concern.

DENTISTS LEARN OFFICE SYSTEM

Efficiency Expert Gives Lessons in Proper Management of Dental Offices

E. C. Cameron, Chicago, is giving a course in efficient dentistry to five Appleton dentists this week. The first lecture was Wednesday evening at the Conway hotel; the course consists of three lectures of four hours each. Instruction also is given to office dental assistants by Mrs. Cameron, offices are visited and the assistants are shown how they can be of more help to the dentists in a more efficient way. Mrs. Cameron will talk to the assistants at 1 o'clock Friday afternoon.

Office management and equipment is checked during the day by Mr. Cameron, and suggestions are offered by him for improvement of conditions. His training is in business efficiency in the dental profession. Green Bay dentists twice engaged Mr. Cameron to give his course of instruction, and he was engaged by the University of Minnesota to give it to the graduating class of the school of dentistry last summer.

INDIAN HELD FOR TRIAL ON STATUTORY CHARGE

The trial of Myron Hendricks, 25-year-old Indian who was arrested Wednesday by Detective Matthew McGinnis on the complaint of a 14-year old girl, was set for Monday morning, Feb. 8, when he was arraigned Wednesday afternoon in municipal court. Hendricks waived preliminary examination and was bound over for trial in the upper branch of the court. His bond was set at \$3,000 which he failed to produce and he was placed in the county jail. Hendricks, charged with rape, has a wife and two children who live at 1216 S. Jackson-st.

NATIONAL BANKS SUING CITY FOR THEIR 1926 TAX

First and Citizens National Again Pay Assessment Under Protest

The First National bank and the Citizens National bank have paid their capital stock taxes under protest, in accordance with their policy of the last three or four years, and now have started suit against the city of Appleton to recover the amounts paid. Similar suits were started last year and are now pending in circuit court pending the outcome of the Hartford National bank case in the United States supreme court.

The cases are similar in that they challenge the right of the state and municipalities to tax banks on a different basis than other corporations. The banks would prefer to pay taxes on an income tax basis like mercantile and manufacturing concerns, rather than on capital stock. The suits do not affect the real estate taxes.

Tax of the First National bank on capital stock this year amounted to \$20,794.38 and that on the Citizens National bank \$7,422.64. If the United States supreme court decides in favor of the Hartford National bank, Appleton's national banks will be able to claim tax refunds from the city for about four years.

WISCONSIN WEATHER
Generally fair tonight and Friday, much colder tonight.

WEATHER CONDITIONS
A trough of low pressure over the eastern and southern states is accompanied by rains or snows along its path, these being heavy in the middle Mississippi valley. Meanwhile the high pressure area and cold wave in the west and northwest has received reinforcement, and is pushing a decidedly fall in temperature into the central and southern states. Zero temperatures are reported from northwestern Wisconsin to northeastern Nebraska and northward, this morning, a temperature of 28 degrees below zero being reported from Manitoba. The continued advance of this high pressure area favors fair weather in this section over Friday, with temperatures below zero tonight.

REACTIONARIES IN SADDLE

One of Mr. Coolidge's few weaknesses is his apparent readiness to be hoodwinked by New England and eastern reactionaries. We do not believe Mr. Coolidge himself is a reactionary, but he undeniably yields to their influences in certain instances. One of these is his reappointment of Thomas Marvin as chairman of the tariff commission for another year. It has been alleged, and not without color, that the tariff commission was "packed" by the protected interests, acting through the president, in making up the personnel of the commission. The commission has done nothing to give effect to that clause of the tariff act which provides for the lowering of duties by presidential decree, on recommendation of the commission. Its chairman is one of the most hard boiled protectionists in all ultra-protectionist New England. It is a known fact that he would not reduce the tariff on anything if he could prevent it.

Mr. Coolidge has a potential uprising on his hands in the central west as a result of his tariff policy. He would do better to recognize this dissatisfaction and try and soften it than to yield to threats of New England protectionists. It is said his judgment was to not reappoint Mr. Marvin, but to raise the vice-chairman, a Democrat and his personal friend, to the head of the commission. This would not only have been better politics, but would have been better judgment all around. The country is not going to put up with an excessive tariff for the benefit of special interests forever. It is getting tired of being milked for their benefit and enrichment, when it has long since been apparent that they are over-protected and are collecting an immense bounty from the American consumer.

We think Mr. Coolidge's reappointment of Mr. Marvin was a mistake and that before the election of 1928 he will come to realize it. Not only is the west entitled to more considerate treatment in the administration's tariff policy, but it is quite as much to be considered in its voting strength as is bourbon New England and the east. The policies which they favor are at variance, but they can be reconciled, provided the east will make reasonable concessions. Ultimately, if the protection program of the Republican party is not modified, the mid-west—in fact the entire west—will break with it.

FIXING GERMANY'S GUILT

Germany, when she joins the League of Nations, plans to raise before the League assembly the question of guilt for the World war. She wants the clause stricken out of the Versailles treaty under which she was forced to admit her guilt. If we were in Germany's place we would do the same thing. Back of the odium attaching to the plea of guilt in the treaty, which stands as a perpetual indictment of Germany, lies the possibility of having her colonies restored and her reparations obligations cancelled. It is a way out of not only the moral consequences of the war, but their physical consequences, to a large degree.

Germany's exact proposal, it is understood, will be the employment of a neutral commission, having access to the archives of all the governments involved in the war, this commission to compare the records and to judge the responsibility. On the face of the thing, it looks like a

fair proposal, and undoubtedly there will be plenty of public opinion to support it.

If we were in France's place we would oppose the investigation, unless it were understood in advance that the decision of the commission, whatever it might be, would not relieve Germany from the major penalties of the war. It is unfortunate that these penalties were not based on a result of the war rather than on the premise of German guilt. Still, it is not an insurmountable point, for Germany can be held to her engagements in any event.

It would advance the interest of peace if all reference to guilt were stricken from the Versailles treaty. There was no need to put it there in the first place, and it would have been much better out. Germany could have just as well been made to pay without this admission as with it. World opinion at the time of the war was overwhelmingly against Germany's assumption of innocence. It had judged her guilty. It did this in the light of events that immediately led to the war, notes that were exchanged and other incidents, and it is conservative to say that the record of the hour when these crucial decisions were being made was a sufficient guide for determining the major responsibility.

Nevertheless, if there is anything in the record which has not yet been brought to the public knowledge, and which would tend to apportion the guilt jointly, it is only fair to Germany that the facts should be known. It will take the most indubitable proof to change the world's conclusions, but if it exists, it ought to be discovered. In time impartial historians will assess the blame, but that will be many generations hence.

THE OLEOMARGARINE DECISION

The circuit judge at Madison has held Wisconsin's anti-oleomargarine law unconstitutional. Before the validity of the act is finally determined it will be passed upon by the supreme court, and possibly by the supreme court of the United States. The lower judge holds the law is unreasonable and discriminatory, and that it denies oleomargarine manufacturers and dealers the right to carry on a lawful business in a lawful manner. We believe this is a sound and ethical interpretation of the law.

There is no need to keep oleomargarine out of Wisconsin so long as it is not an injurious food product and so long as it is not misrepresented. On the contrary, it has every right to come into the state. One of the fundamental principles on which the states are federated into a union is that there shall be free and unrestricted trade between them. This law, it would appear from the decision, is an abridgment of that privilege. It is not the interests of Wisconsin dairying that are at stake, for they are in no sense seriously jeopardized. It is the preservation of free trade and uninterrupted commerce between the states.

The supreme court, if it is not "too" progressive, will, we think, hold with the circuit judge. If it should not, undoubtedly the supreme court of the United States will.

TODAY'S POEM

By HAL COCHRAN

MR. SPARROW

He's a cheerful little fellow, with a chirp that's sound and mellow, and he never fails to call on me each day. There's no reason why I need him, but I sort of like to feed him, and I guess he's kinda glad I feel that way.

All the dogs around us chase him, and the cats will try to trace him as he flutters down to chirp his morning lay. I have really come to know him through the little crumbs I throw him, and I've never tried to frighten him away.

It is not the song he's singing, but the spirit that he's bringing. It is really hard to understand just why he so willingly rejoices when the God that gave our voices to the birds just seemed to pass this fellow by.

Other birds will warble loudly, and they float around so proudly that my little friend, by most folk seems forgot. Yet the sparrow's worth is ample for he sets a good example: Just be cheerful—make the best of what you've got.

Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author
Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. SECOND THOUGHTS ABOUT DAD'S STORY (II)

Dad told the tale of the Buxom Bimbo all covered with eczema and quite filled up with carbohydrate concoctions, you will remember, and I played the role of the radio announcer, bawling in every little while to comment on dad's rendition. I pointed out with some particularity the common mistake of assuming that a food which "agrees," as nearly any of the proprietary infant foods of this kind will, is therefore proper and adequate nourishment for the baby; and also the common association of moderate obesity in a young infant with rickets, due to faulty nutrition. We left dad telling how he had finally taken the baby to a skin specialist who opined that the food had nothing to do with the skin trouble, which was caused by "itching." That was too much for Tony and me—we had to go out and play then. Tony looks foolish; some specialists look wise.

There have been vague rumors floating around recently about a "well balanced diet." This was one of the numerous dietetic wrinkles I failed to save—I mean I never knew quite what a correspondent meant when he asked anything about a "well balanced diet." But it has dawned on me at last, though it does not seem important practically. It means a ration or diet proportions of the three main food materials, fat, protein and carbohydrate (starch or sugar). I say it seems unimportant, for if the choice or selection of food be left to ordinary taste or instinct and not unduly restricted or induced by proprietary interests, one is almost certain to take a well balanced ration.

Who can say just what a well balanced ration is? Anybody and everybody, for after all it depends mainly upon the age and physical activity of the individual.

A child in his teens, growing and expending a large amount of energy in muscular activity, needs and can utilize relatively and absolutely greater amounts of protein (nitrogenous material for building and repair) and carbohydrates (starches and sugars for muscle energy) than his sedentary parent.

A perfectly balanced ration for an infant is made up of the proportions of fat, protein and sugar which are present in human milk and these proportions are, say, three ounces of fat, one ounce of protein, and six ounces of carbohydrate. This is usually taken as the correct proportion of the three food materials in a young infant's diet. But as the child grows older and more active, the proportion of carbohydrate must be correspondingly increased. The well balanced diet or ration for a sedentary or resting adult contains about three ounces of fat, three ounces of protein and 13 or 14 ounces of carbohydrate.

QUESTIONS AND ANSWERS

Baby Has A Label
Our 2 weeks' old baby has a birthmark on the left side of his chin, a brown blue mark, but the skin is not thickened. Can you advise what we should do about it? (Mrs. and Mr. E. L. H.)

Answer—Take the baby to a physician who is a skin specialist. The mark may be obliterated or removed by various methods, according to the surgeon's judgment. The earlier it is attended to, the better the cosmetic appearance will be.

The Cat Comes Back

(1) A (my aunt) says a cat actually sucks an infant's or child's breath away. R (my husband) says no, the cat merely lies on the child's mouth as a place of warmth, not to suck its breath. Question, which is correct? (2) Is it healthy or unhealthy to have a cat around the house where there is a baby, if the baby plays with the cat? (Mrs. R. H. V.)

Answer—Aunts are nearly always mistaken. A cat or dog may be the carrier of diphtheria, but as a rule a cat or dog in the house is not a menace to a baby's health. A cat or dog should never be permitted to lick the hands or face of anyone, for in that way the microscopic eggs of intestinal parasites may be transferred to the human host. Every one should be careful to wash the hands after handling a cat or dog.

FABLES IN FACT

ONCE UPON ANY OLD TIME THERE WAS A HUSBAND WHO CAME HOME EVERY NIGHT PERIOD NOT ONLY THAT COMMA BUT HE ALSO COOKED THE MEALS COMMA WASHED THE DISHES COMMA DID THE MOP-PING COMMA MENDED THE BABY'S WHATCHEMACALLITS COMMA DARNED HIS OWN SOCKS AND SO FORTH PERIOD HIS GOOD WIFE WAS KIND ENOUGH TO TELL THE NEIGHBORS WHAT A WONDERFUL HUSBAND HE WAS PERIOD AND WHAT DO THE NEIGHBORS THINK OF HIM QUESTION MARK THEY DON'T KNOW WHETHER TO KISS HIM OR KILL 'M PERIOD

We're all content with our lot—it's a whole lot.

If, in the future, husbands would tell the truth, the whole truth, and nothing but the truth—wives wouldn't believe them anyhow, on account of the past.

My sympathy today goes out to the husband who distinctly heard his wife say, "You are the light of my life," when for ten years he thought she was saying "light."

They fed the idly catnip and it licked up every bit. My colly, there's no wonder that it threw a catnip fit.

NOW, HONESTLY—

Feeling kinda groggy, huh? Well, maybe, after all it's your own fault.

The outdoors is full of fresh air. Do you see it?

God gave you legs to walk with and arms to exercise with. Do you use them?

It's the easiest thing in the world to walk right up and take deep breaths, and build in your lungs. Over take any?

Don't look for sympathy, when your spirit lags—look for exercise, fresh air and fair treatment to your system.

Girls kiss and make up 'cause it rubs off.

Hi-ran! The old man comes home to supper, kisses the good wife, brings the kids something, comments on a wonderful meal, and tells the Mrs. "We're going to a movie tomorrow night." Great stuff—but what's he been doing?

Clothes make the man -- -- earn a lot of money -- -- when they're his wife's.

HUMANITY'S BROMIDES: I'll never forget the time, etc. "I THOUGHT I'd do." "Why, the same thing happened to me."

EMPLOYER who has just fired a man: "What do you mean, you're always held your own with us?"

JUST OUTSIDER: "Well, I don't have anything when I come here—and I've still got it."

Q. When and where were scissors first used? G. W. E.

A. It was formerly believed that scissors were invented in Venice in the 15th century, but records show that implements similar to our modern scissors were in use very much earlier than this period. In the remains of Pompeii, shears were found made of iron and steel, as well as bronze. Scissors were also in use in various oriental countries from a very early period. It is stated that those manufactured in Europe were copied from the Persian. The oriental scissors were very much ornamented and frequently in the form of a bird, the bird forming the neck.

Q. How many pages are employed in Congress? C. M. R.

A. There are 21 pages appointed in the Senate and about 40 in the House at the present time. The age limit is 12 to 16 years and the services may continue until the age limit is reached.

Q. Why didn't the Continental Army bombard the British under Howe when Boston was evacuated? C. E. M.

A. Some historians state that shortly before the evacuation of Boston by the British, General Howe threatened to burn the city if any attempt of bombardment were made. Unofficially and informally a sort of agreement was entered into between the opposing forces that if the British were not attacked on embarkation they would leave the town substantially as it was.

Entertainment was furnished by a number of dances presented by pupils from the J. F. Runkle Dancing Academy. About 100 attended the inspection. The meeting was preceded by a banquet at 6:30.

A Free Booklet On Yellowstone Park For School Children

Every school child should have a copy of the Yellowstone booklet which our Washington Bureau offers for free distribution. This offering will be helpful in the study of this great national park.

Of all our national parks it is the wildest and most universal in its appeal.

It has more geysers than all the rest of the world together. It has mud volcanoes, petrified forests, a canyon unequalled for natural coloring, blue lakes and rivers filled with trout, and the greatest wild bird and animal preserve in existence.

Send today for this beautifully illustrated booklet telling all about Yellowstone. Fill out the coupon below and send two cents in stamps for return postage.

SAGE TEA KEEPS YOUR HAIR DARK

Gray hair however handsome, denotes advancing age. We all know the advantages of a youthful appearance.

Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," for only 75 cents. This is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

This is the season of the year when one begins to hanker for

HORST CLOSES GARDEN, WON'T FIGHT PADLOCK

Resort Owner Says It's Too
Difficult to Keep Eve on
Flask Toters

Rainbow Gardens will not fight the padlock proceedings instituted against it by members of the federal prohibition forces in United States district court, according to G. G. Horst, proprietor, when asked about his intentions Wednesday. The resort will close voluntarily for a year and to open about Easter in 1927, he declared.

Under the padlock proceedings, which is a civil action and not a criminal prosecution, the proprietor was given 20 days in which to appear in federal court and show a cause why the establishment should not be closed under the provisions of the laws governing public nuisances. The papers were served on Mr. Horst about 15 days ago, and the period allotted for appearance in court ends this week. For that reason the resort will lock its doors to Sunday night to remain closed for about 14 months. The proprietor intimated that it was useless to fight the proceedings as it was impossible to guard continuously and effectively against the pouring in of liquor by visitors. Mr. Horst has not announced his plans for the future. He has an orchestra which plays at various dances but has not been active in that aggregation since taking over the Rainbow Gardens.

30 HI-Y BOYS GO TO GREEN BAY

Appleton Club Will Be Entertained at Dinner by Bay City Club

Thirty members of Appleton Hi-Y club will journey to Green Bay Saturday where they will be the guests of the Green Bay Hi-Y club at a banquet and entertainment. The local boys won an attendance contest with the Bay club for the month of December and the losers were to banquet the winners. The occasion also is the second anniversary of the Bay club, which was instituted by the local boys.

The Appleton boys will leave at 2 o'clock Saturday afternoon and the trip will be made in cars. Upon their arrival they will be shown through the Green Bay Y. M. C. A. and will start a series of intercity game tournaments. Points will be given for the winning of each game and the high point team will be the intercity Hi-Y title holder. The most important contests will be the basketball game between the Green Bay and Appleton teams. John W. Pugh, boys' work secretary and club, will accompany the boys.

Because of the final examinations of the first semester at Appleton high school, Wednesday evenings regular meeting of the local club will be held Friday afternoon instead, Mr. Pugh said.

JOHN'S LUCKY CHARM SURVIVES TWO RUDE SHOCKS

Incidentally John Freude, local mail carrier on route 2, picked up a pretty large horse shoe while making his route last fall and he hasn't lost it yet. For John has had the fortune of perhaps misfortune to be in two accidents with his car in less than two days and still came through unscathed and with only a few scratches on his Lizzie. Or maybe it was because John was entirely innocent of wrong in either case. A few days ago John was bumped by a skidding car on a slippery road and came out triumphant, and Tuesday found his lucky charm still as potent as ever.

John was steaming his boiler along W. College avenue near the Laethen Grain Co. when a friend sending his car onto a slippery stretch to avoid hitting a lady who strolled nonchalantly out in the street in front of him, smacked the rural carrier. John's bus flew up against a mailbox and bent the staff, but was otherwise unhurt, while the car which

'U' OFFICE GIVES BANKING COURSE

Classes Are Being Organized
for Regular Instruction
Every Friday

Among the attractive courses to be given by the Appleton office of the University of Wisconsin extension division is a course in banking. Classes will be conducted every Friday afternoon by Professor James B. Reid of the university, in the room adjoining the extension division office in the Insurance bldg.

The course is intended primarily to give comprehensive organized information on the field of banking to those already in the work. Every person connected with the banking business, whether officer or clerk, is hit him lost a wheel and was fairly well bungled up.

STUDENTS AND TEACHERS WILL SEE CAGE BATTLE

A large delegation of students and teachers will go to Neenah Friday night to witness the Neenah-Appleton basketball game. This game is always considered one of the most important of the season. The game between the second teams of both cities will be called at 7 o'clock, and will be followed by the main battle.

eligible to enroll. It is said to offer the right opportunity for preparing oneself for the responsibilities of the bigger job ahead.

Topics treated in the course are: savings banks, commercial banks, bank operations, savings and exchange, reserves, etc.

Chester Allen, in charge of the local district office recently established a course in fuel and combustion at Manitowish, a course in sociology at Sheboygan and courses in English at Oshkosh and Fond du Lac.

AIR MAIL BRINGS TEXAS CITIES CLOSER TO EAST

Dallas—Air mail is to bring Texas cities from 20 to 25 "mail hours" closer to New York and 15 hours closer to Chicago. It now requires from 45 to 50 hours to send mail from here to New York and about 26 hours to reach Chicago. When the annual becomes effective sometimes this winter, the time to New York by way of Chicago will be 24 hours and that to Chicago about 11 hours.

The city has leased Love Field, a war-time training camp of 33 acres, five miles north of the city. From this landing place the mail will be brought to Dallas by trucks—about 17 minutes after landing.

The Dallas Chamber of Commerce has guaranteed 100 pounds of mail a day for six months. The airmail rate to Chicago will be 20 cents an ounce, of which the National Air Transport company, the successful bidder, will receive three fourths.

FIX DATES FOR CHIEF'S CONFAB

Badger Police Chiefs Will Meet in Milwaukee on Oct. 12 and 13

The 1926 convention of the Wisconsin Chiefs of Police association will be held Oct. 12 and 13, according to Chief George T. Prim of Appleton, president of the state association. The dates were set at a meeting of the executive committee Tuesday and Wednesday at the Plankinton Hotel in Milwaukee which the local chief attended. The convention will be held at the Plankinton hotel. Police chiefs at the meeting were: Thomas R. Malone, Wausau, chairman; Thad W. Logan, Kenosha; Thomas F. Currie, Portage; Antone Trochell, Manitowish; Thomas Calder, Merrill; R. H. McCarty, Kaukauna. Chief McCarty of Kaukauna was appointed managing editor for the Wisconsin Chiefs of Police Journal for a three year term. Plans for the 1926 convention and its work and speakers occupied most of the sessions. Speakers were not chosen but this probably will be done at a meeting in Chicago in June, according to Chief Prim. An attempt will be made to bring a well-known police chief from a neighboring state to the convention as one of the principal speakers.

BREWING CO. REELECTS OFFICERS AND DIRECTORS

All officers and directors of the George Walter Brewing Co., were reelected at the annual meeting of Stockholders Tuesday evening. H. S. SENIORS POSE FOR CLARION PICTURES

Seniors of Appleton High school are having pictures taken this week for the Clarion High school annual. The “dummy” for the book has been completed by Miss Dora Kelly, faculty sponsor, and Daryl Myse, editor in chief, and it is expected that the first literary and editorial matter will be taken to the printers in a few days.

Practically all the work on this year's book will be done by students of the high school. In other years, this has not always been possible, especially for the art work. Subscription and sponsorship drivers will be launched in a few weeks to finance the book.

PENNEY BOWLERS WIN FROM SHOE CO. TEAM

J. C. Penney Co. bowlers swamped the Bohl and Maeser quintet Wednesday evening in three games at the Arcade alleys, piling up a lead of 217 pins. The games were a sharp contrast to those rolled a week ago between the same teams, when the J. C. Penney crew was snowed under by the Bohl and Maeser five by 287 pins. The Penney bowlers are Lydia Redlin, Mrs. Richmond, Verna Schumann, Mrs. Holzer, and Florence Murphy, and the Bohl and Maeser team consisted of Eleanor Redlin, Irene Ziegler, Irene Koebke, Erna Lemke and Selma Gruett. Florence Murphy was the outstanding star in Wednesday's games.

MASONIC MASTER SPORTING MENU

New Officers of Masons Given Stations at Impressive Service

Kaukauna—Installation of Lyle Webster as worshipful master of Kaukauna Blue Lodge by his father, C. S. Webster, the installing officer in the ceremony, added unusual interest to the joint installation of officers held by the Blue Lodge and the Kaukauna chapter of Royal Arch Masons Monday evening in the lodge rooms. The ceremony was preceded with a banquet at the Methodist church, served by ladies of the Eastern Star.

Other newly installed officers of the Blue Lodge are Edward Kenneke, senior warden; A. H. Frank, junior warden; A. P. Tate, secretary; W. F. Hohman, treasurer; Herbert S. George, senior deacon; Ervin Schatzke, junior deacon; Paul Ott and Charles Wince, stewards; W. P. Hulon, chaplain; W. G. Smith, trustee. The installing marshals were W. G. Smith, and the pianist was C. D. Towley.

The Kaukauna Chapter of Royal Arch Masons placed the following in office: W. P. Hulon, excellent high priest; E. J. Nicholson, king; C. S. Webster, scribe; J. V. Krahn, secretary; W. F. Hohman, treasurer; Lyle Webster, captain of the host; E. E. Zekind, principal sejourner; A. P. Tate, royal arch captain; Carl Winkler, third valet; J. Mainville, second valet; A. H. Frank, first valet; E. Frank, first sentinel; W. G. Smith, trustee.

Following the ceremony speeches were given by the Rev. W. P. Hulon, the Rev. E. L. Worthman, and Mayor C. E. Rauecht. Mr. Hulon talked on Masonry. Mr. Worthman on the De Molay order, and Mr. Rauecht spoke on the history of Masonry. At the banquet talks were given by Frank Koeser, Antico; C. S. Hancit, Green Bay, former worshipful master of the Kaukauna lodge, and G. R. Vautin, worshipful master of the Roosevelt lodge in Green Bay.

Social Items

Kaukauna—Peter Van Dyke was installed as president of Branch No. 64 of the Catholic Knights of Wisconsin at the annual installation of officers Tuesday evening at Forester hall. Others installed were William Tennesen, vice president; Joseph Thielen, sentinel; Mrs. Mary Schaefer, secretary; Mrs. Joseph Rank, treasurer; Nick Lummerding, financial secretary. The installation was followed by a dance.

A number of friends and relatives surprised Mrs. Frank Tousey at her home Monday evening, the occasion being her birthday anniversary. Cards and dancing furnished the evening's entertainment. Prizes at cards were won by Mrs. Joseph Hoenung, Mrs. Anna Kusteen and Mrs. R. Schernitzler.

Blanche Gerend was hostess to the G. G. G. club Tuesday evening at her home on E. Third-st. Bridge was played, and prizes were won by Cecilia Spindler and Ruth Nettekoven. The next meeting will be held Tuesday, Jan. 26 at the home of Beatrice Nettekoven, Park-st.

Sidney M. Jones, Kenosha, Elk state deputy is the guest of Kaukauna Elks Thursday, and will conduct the annual inspection Thursday evening. A class of candidates will be initiated following the inspection, and a program of entertainment has been arranged. Deputy Jones inspected the Appleton lodge Wednesday evening.

C. K. W. TEAM PUTS ON DEGREE AT WRIGHTSTOWN

Kaukauna—The degree and drill team of Branch No. 64 of the Catholic Knights of Wisconsin will initiate a class of 41 candidates Sunday afternoon at Wrightstown. It is expected that a large number of Catholic Knights from this city will attend the initiation. An entertainment program is being arranged.

M'CARTY NAMED EDITOR OF POLICEMAN'S PAPER

Kaukauna—Chief of Police R. J. McCarty was named managing editor of the Wisconsin Police Journal at a meeting of the executive committee of the Wisconsin Police Chiefs' association which he attended Tuesday in Milwaukee. Police chiefs of Appleton, Merrill, Waupun, Manitowoc, Portage, Kenosha, with Chief McCarty compose the executive committee of the association. It was decided to hold the annual convention of the organization Oct. 13 and 14 at the Plankinton Hotel, Milwaukee.

LEGION OFFICERS WILL ATTEND STATE MEETING

Kaukauna—Matters concerning the state convention of post commanders and post adjutants Friday and Saturday at Oshkosh were discussed at a meeting of Kaukauna Post No. 41 of the American Legion Tuesday evening at the Legion hall. A. F. Greiver, commander, and Bert Brenski, adjutant, plan to attend the gathering.

Kaukauna—A curtain raiser which shows all promise of being a "hair raiser" for thrills and excitement has been arranged between the Lutheran basketball five and the high school seconds as an appetizer for the Kaukauna-Clintonville battle Friday night at the high school gymnasium. The preliminary contest is scheduled to start at 7:30. The Lutheran basketballers are coached by "Red" Peters, former high school flash, and the second string men will have to step some if they are going to come out victorious.

Excitement over the approaching tilt with Clintonville has reached a high pitch throughout the school. As this is to be the last home appearance of the high school cagers, a record breaking crowd is looked for. Coach Smith's warriors have won all three games they have played so far, and expect to cop the honors Friday night, but are by no means looking forward to an easy contest.

Next week the team has an open date but following this it will play on foreign courts for five consecutive Fridays. Persons who can not come to the game early Friday evening may get reserved seats, but are urged to make their reservations immediately as the seats will soon be sold out.

KAUKAUNA BOWLERS WIN 2 MATCH GAMES

Kaukauna—Kaukauna maple busters broke even with two outside teams in match games rolled Monday on the Hilgenberg alleys. The Kaukauna Alleys crew squeezed out a victory over the Irig Electric Washers of Oshkosh by the narrow margin of eight pins, and the Soda Grill five of New London took the Electric City five into camp by 170 pins.

Irig Electric Washers, Oshkosh—E. Rehbein 202, 170, 150, 552; R. General 126, 162, 158, 446; A. Stores 207, 198, 159, 564; E. Teolia 184, 222, 181, 587; J. General 153, 188, 159, 562; Totals 903, 940, 868, 2710.

Kaukauna Alleys—Graf 198, 164, 222, 584; Verbeten 220, 144, 157, 521; Van Eyke 210, 147, 127, 484; Beyer-geon 200, 153, 165, 518; Gilgenberg 193, 201, 207, 601; Totals 1021, 809, 888, 2718.

Electric City: Kaukauna—C. Hilgenberg 159, 163, 174, 496; Johnson 192, 192, 171, 555; Smith 149, 174, 155, 1481; Peterson 176, 189, 192, 547; Minkels 225, 180, 173, 578; Totals 901, 898, 858, 2657.

Soda Grills: New London—Garot 192, 204, 197, 593; Lasch 171, 224, 180, 575; Jennings 156, 171, 129, 456; Meiklejohn 213, 212, 180, 605; Ramm 168, 218, 212, 598; Totals 900, 1029, 895, 2827.

TAXPAYING TIME IS EXTENDED 30 DAYS

Kaukauna—A 30 day extension was added to the period for paying city taxes at a meeting of the common council Tuesday evening. Taxes have been coming in very slowly according to a statement made Wednesday by A. W. Lindstrom, city treasurer. Only about \$46,000 has been paid into the city coffers up to the present time.

TRACTION CO. ENGINEER TALKS TO ROTARIANS

Kaukauna—William Schubert of the Wisconsin Traction, Light, Heat and Power Co. of Appleton talked on the development of fuel and the use of coal in the production of power at the Rotary club luncheon Wednesday noon at American Legion hall. Mr. Schubert described in an interesting manner the various stages through which coal goes in producing power. Next Wednesday the club will have as its guests the Kaukauna high school basketball team, and sons of the local Rotarians. A program is being arranged for the occasion.

ZELLNER RESIGNS AS KAUKAUNA TIMES EDITOR

Kaukauna—Arthur Zellner has resigned as city editor of the Kaukauna Times, and left Thursday for Janesville to take a position on the editorial staff of the Janesville Daily Gazette. Mr. Zellner has been city editor of the local paper for the last six months. No one has yet been named to fill the position left vacant by his resignation.

MEMBERSHIP OF BUILDING AND LOAN NEAR 200

Three Outgoing Members of Board of Directors Re-elected at Annual Meeting

Special to Post-Crescent
New London—T. G. Roberts, M. C. Traylor and W. E. Mitten were unanimously re-elected as directors of the New London Building and Loan association for the ensuing three-year period at the annual meeting of the association in the city hall on Wednesday evening. There are nine directors, three of whose terms expire each year.

Several amendments to the by-laws were passed, in order to make them conform with the new state statutes. The financial statement of the association showed it to be in excellent condition, with good prospects for the continuance of 6 per cent dividends. The association has now about \$46,000 out on loans, and has sufficiently more in sight to keep the surplus cash in the treasury working at interest. The association has now 181 installment stock members holding \$16,542.44 paid up members holding \$23,620.00, and has a contingent fund and undivided profits amounting to \$1,132.78.

SOCIAL WHIRL IN NEW LONDON

Special to Post-Crescent
New London—Mrs. E. C. Jost and Mrs. Andrew Runenoff were hostesses at a 1 o'clock luncheon, followed by bridge, at the former's home Wednesday afternoon. Seven tables were in play and table prizes were awarded. The ladies will entertain another group of their friends on Saturday afternoon.

The Catholic Womens club held its semi-monthly meeting at the parish hall Wednesday afternoon. Cards was played, followed by a business meeting and lunch. Final arrangements were decided upon for a sauerkraut supper to be given by the club Wednesday evening, Feb. 10. The club will also sponsor the motion picture show, the classmates, to be shown at the Grand Opera house, Wednesday and Thursday evenings, Feb. 4 and 5.

The Womens Relief corps will hold its next meeting Friday afternoon. The will be initiation and an entertainment by a committee.

The Social Hour club was entertained at the home of Mrs. Charles Rogers Tuesday afternoon. Prizes were taken by Mrs. Frank Hoier's and Mrs. Leonard Polaski. The next meeting of the club will be at Mrs. Polaski's home Thursday afternoon of next week.

FARMERS BANK DEPOSITS OVER HALF MILLION

All Old Officers Are Re-elected at Annual Meeting of Board of Directors

Special to Post-Crescent
New London—The board of directors of the Farmers' State bank met in the bank on Monday for election of officers. All of the old officers were re-elected as follows: J. Werner, president; Fay R. Smith, vice president; E. C. Jost, cashier; D. B. Egan, assistant cashier; E. C. Zilmer, assistant cashier; Miss Lorraine Riedl, bookkeeper, and Miss Ethel Anton, stenographer.

The bank has now become what is known as an honor roll bank. This means that its surplus and undivided profits exceed the amount of its capital stock. The report for the year ending Dec. 31, 1925, shows the institution to be in excellent financial condition. Its deposits have reached the half million mark, or \$511,073.33, an increase of \$13,456.00 over the preceding year.

MEIKLEJOHN SETS NEW HIGH BOWLING RECORD

Special to Post-Crescent
New London—Gordon Meiklejohn set a new high bowling score for the season on the Garot alleys on Tuesday night, when he "knocked the maples" for a count of 224 during a match game. This is the highest score rolled on the alleys so far this year, and the highest in the league for the month of January. It begins to look as if Gordon would cop off the \$4 prize which is awarded for high score in the league at the end of each month. He left with the Soda Grills for competition in the state bowling tournament in Milwaukee on Thursday.

BURGLARS BREAK INTO RAMM HARDWARE STORE

New London—Thieves entered the Ramm Hardware store of this city sometime between 6 and 9 o'clock last Sunday evening, and escaped with a small amount of change. Entrance was forced through a rear door, from where the burglars made their way to the office. It is thought that they were frightened away by the entrance of one of the employees of the establishment.

STATE WEDDINGS

VAN DOORN-HILGENBERG
Oneida—The marriage of Miss Marie Van Doorn, daughter of Mr. and Mrs. Martin Van Doorn, Oneida, to William Hilgenberg of Seymour, took place at 7 o'clock Tuesday morning at St. Joseph church, Oneida. The ceremony was performed by the Rev. C. Vissers. Attendants were Miss Elizabeth Van Doorn and Peter Vandenberg. A wedding breakfast was held at the home of the bride's parents.

WAUPACA BOARD WANTS POPULAR VOTE ON ROADS

Highway Committee Recommends Referendum to County Board on Construction Project

Waupaca—At a joint meeting of the special road and county highway committees at the court house Tuesday, consideration was given to the road building plans as outlined by the state highway commission. They decided that the proposal of building roads hereafter with funds obtained from the weight tax and gasoline tax was favorable to Waupaca in their judgment. The state highway commission has allotted the county \$250,000 from the free funds for use in the county. If taken advantage of this fund will be available as follows: \$100,000 in 1926 and \$150,000 in 1927.

The plan as outlined at this time includes cement construction on highways 18, 85, 26, 54, 76, and also provides for cement in the villages of Iowa, Scandinavia and Embarras. A high type of gravel construction is also provided to completely reconstruct an build all state trunk highways in the county; this includes 49, 22, 54, 145, 155 and 161.

It will be remembered to the county board at the spring session that the entire proposal be submitted to the voters of the county at a special election.

MARRIAGE LICENSES
During the week ending Jan. 19, applications for marriage licenses were received by L. F. Shoemaker, county clerk, as follows: Edward G. Fitzgerald, Iron Mountain, Mich., to Selma Anderson, Northland; Ernest Miller, Manawa, to Mibbie Schmidt, Marion; Richard Schultz, Dupont to Mary Schmidt, Union.

Federal Judge Gieger meted out a sentence of three months and a fine of \$500 to Mrs. Henjum of Weyauwega and sentenced her bartender to 60 days in the house of correction as a result of charges growing out of

a raid on her place in the village of Weyauwega by federal agents. The case was heard in Milwaukee Tuesday and the trial was attended by several Waupaca people. Mrs. Henjum has also been arrested by the state as has her bartender, but they never were convicted.

Andrew Anderson, one of the persons riding in the automobile of Archie Erickson Sunday morning when it collided with another and seriously injured one of its occupants, who is in St. Elizabeth hospital at Appleton, was arrested on a charge of being drunk at the time. In justice court before Judge Scott he pleaded guilty and was fined \$10 and costs. Other arrests are expected to follow.

In the case of Erickson, the Waupaca-co sheriff is awaiting the outcome of the injuries of the young man in the hospital.

NO ACTION
Waupaca city council in session Tuesday evening took no action on the reconsideration of the pavement question which failed to pass at the last meeting by a two-thirds vote, as is required by the statutes when improvements are forced upon property owners. The issue has become dead, according to several aldermen, or at least until another council comes into power in the spring. Tuesday evening's session was devoted entirely to the consideration of the usual bills, and but one resolution was adopted.

that extending tax paying time to March 31.

H. W. Taylor and Earl Fabricius attended the automobile show at Milwaukee on Tuesday.

While Mrs. Earl Fabricius was driving her car between Oshkosh and Neenah, the vehicle skidded on a fell upon the side. No one was seriously hurt.

Stops that Tough Hang-On Cough That Racks Your Whole Body

For simple coughs any simple sweet sugary cough syrup will probably do. But when you want to throw out of your system one of those old timers, that simply won't be conquered, but lingers on and on causing sleepless nights and days of torment then you've just got to have a real cough medicine.

Then you must ask your druggist for a bottle of Broncholine Emulsion for the harder and tougher and tighter they come the more joy Broncholine gets in knocking them out.

Broncholine isn't a cheap cough con-queror, mind you, for first raters are never cheap. But if you are one of the unlucky ones that a persistent, health destroying cough is pushing to-

wards the grave, get a bottle today and notice how the first dose takes right hold and soothes the terrible soreness.

Often three or four doses bring blessed relief and half a bottle forces the most stubborn cough into submission.

"A bottle of magic" one old man calls Broncholine Emulsion. He was all worn out and ready to give up when a friend brought him the good news about Broncholine.

Don't let a cough hang on—it's dangerous company—Get rid of it quick. Ask Union Pharmacy, Voigt's Drug Store or any of the times druggist for a bottle of Broncholine Emulsion.

RADIO CARRIES COMMANDS FOR GUARD CHANGE

Public Invited to Attend
Unique Military Experiment
in Armory G

Captain E. F. Grundemann has received from Adjutant General Ralph Immel a detailed program for the radio guard mount ceremony on Monday evening in which national guard units throughout the state will participate. Commands will be broadcast from station WHA at Madison, and music for the occasion will be furnished by the University of Wisconsin band. This is the first time a radio guard mount has been attempted in Wisconsin. The guard mount is the ceremony observed in the changing of officers of the guard. The public is invited to attend the exercise at Armory G Monday evening. The program will start at 8 o'clock, and the commands and movements are as follows:

8:00—Band music by the University of Wisconsin Regimental band to enable armories to tune in.

8:05—First call.

8:10—Assembly; all watches will be synchronized at this time.

8:15—Adjutant call; adjutant and sergeant major will take posts and details will start marching out without radio command.

8:17½—Sergeant Major—"Count off" and verifies details (marches completely around Guard).

8:18½—Sergeant Major—"Open ranks, March."

8:19½—Sergeant Major—"Front!" (Then moves to proper position.)

8:19—Sergeant Major—"Sir, the details are correct."

Adjutant—"Take your post."

8:19½—Adjutant—"Officers and commissioned officers, front and center, March." (Without radio command the adjutant will designate commander of the guard, junior officer of the guard, guides and file closers.)

8:19½—Adjutant—"Officers and non-commissioned officers, Post, March."

8:20½—Adjutant—"Inspect your guard, sir."

8:20½—Commander of the guard—"Prepare for inspection." (Junior officer will inspect rear rank.)

8:23½—Adjutant—"Parade rest, Sound off."

8:23½—Adjutant—"Guard attention, Close ranks, March."

Adjutant—"Present Arms. Sir the guard is formed."

Officer of the Day—"March the guard in review, sir."

8:26—Adjutant—"Order arms. At trial, Guard right, March, Guard halt."

8:26½—Adjutant—"Pass in review, Forward march."

FIRE THREATENS TO IGNITE GAS TANKS

Inability of employees of the DeBaurer Oil Co., 702 S. Outagamie-st., to get an engine to haul a number of tank cars containing gasoline, a short distance down the railroad tracks, caused the fire department a quick trip at about 6:30 Wednesday evening. A pile of scrapings and paint hauled to the DeBaurer yard from the Appleton Chair Co. plant caught fire near the gasoline cars. Employees of the firm were unable to get help to move the cars quickly and fearing they might catch fire and explode, turned in an alarm. The fire was put out in a few minutes.

STAGE And SCREEN

FIVE LEADING ROLES IN "DANCE MADNESS"

Robert Z. Leonard does not believe that "in numbers there is strength." At least not in the making of motion pictures.

In his production of "Dance Madness," for Metro-Goldwyn-Mayer, showing at the Elite Theater today and tomorrow, there are but five leading roles. It is an intimate, sophisticated comedy, and is an illustration of how tremendously interesting a few people can make a picture.

Claire Windsor makes her first appearance under the direction of Leonard and her first with Conrad Nagel in this picture, which is the current attraction.

The beautiful blonde actress has never looked so lovely, and her waltz scene with Nagel is one of the most entrancing things ever recorded on celluloid.

Douglas Gilmore, Hedda Hopper and Mario Carillo play the other three roles. The story is an original one by S. J. Kaufman, Alice D. G. Phillips and Federico Sagor wrote the continuity.

FINAL ROMANCE OF THE INDIAN

Their retreat into the desert fastness is marked by a trail of blood.

This portion of the story of the western hemisphere's first citizens is included in "The Vanishing American."

J. H. Hanford, 7155 Yale Ave., Chicago, Ill., says, "For two years I have been troubled with gravel. Many times it would cause me to get up eight to twelve times at night, and it was very painful. Lithiated Buchu cleared me up in one week. I will be glad to tell or write my experience." Lithiated Buchu is not a patent medicine as the formula is on the label. It cleanses the bladder as epsom salts do the bowels, driving out abnormal deposits, neutralizing excess acid, thereby relieving irritation which causes disturbed sleep. It is not a cheap medicine. The tablets cost 2 cents each at all drug stores. Keller Laboratory, Mechanicsburg, Ohio. Locally at Voigt Drug Co. adv.

can," filmed by Paramount from the story by Zane Grey on the Navajo Indian reservation, 165 miles from a railroad.

This epic of the American Indian, written in the sincere, direct dramatic manner that characterizes all of Zane Grey's works, is not a tragedy, but in it he did not gloss over the transgressions of the white man against the red. George B. Seitz who was entrusted with the directing of the picture, has followed the story faithfully, both in letter and spirit.

The bitter, courageous, determined but hopeless stand of the Indians

against their white enemies, their retreat from the green fields and well watered country they had called their home for centuries into the barren desert wastes is a powerful episode of "The Vanishing American," which opens at the Fischers Appleton on Monday.

At the head of a company of 500 persons, Seitz established a base camp at Kayenta, on the Navajo reservation in northeastern Arizona, and remained there approximately four months. Richard Dix, Lois Wilson, Noah Beery and Malcolm McGregor are the featured players.

MOTHER FINDS CHILD AFTER SEVEN YEARS SEARCH

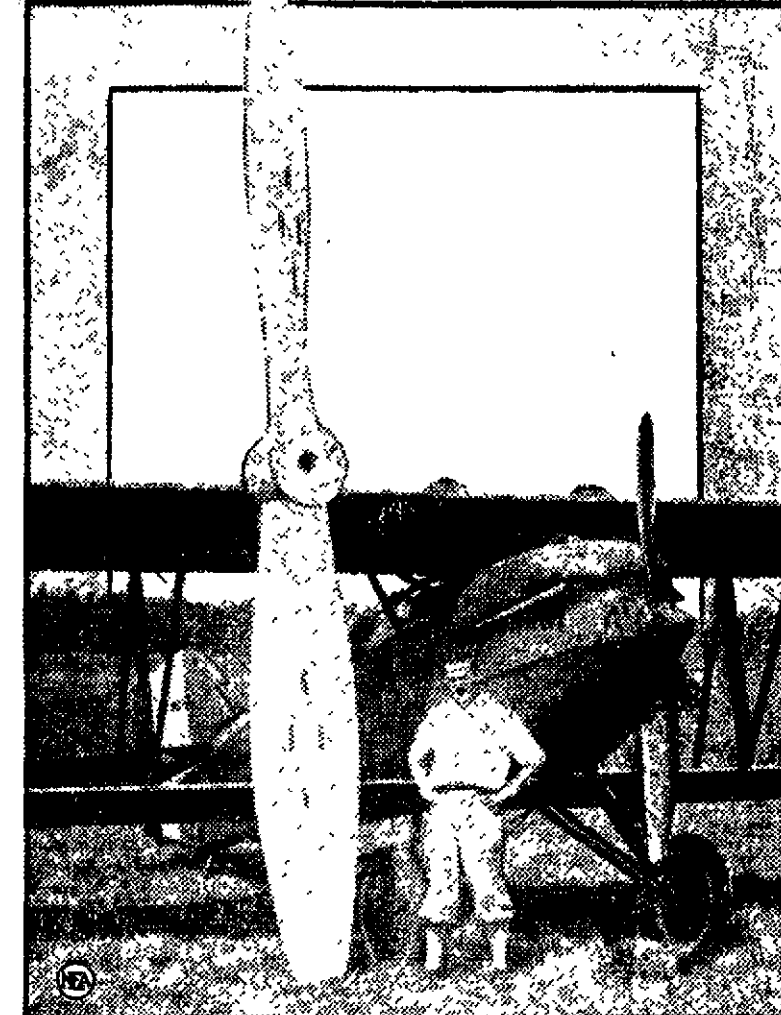

After seven years of searching Mrs. Samuel Pullin of Terre Haute, Ind. has found her daughter, Beatrice Tanner II, and has taken her home with her. Mrs. Pullin was obliged to give the girl up in 1915, when her first husband deserted her and after her marriage to Mr. Pullin she could not locate her. An advertisement in the Salvation Army War Cry, however, at last led to discovery of the girl in an orphanage in Bradford, Pa.

It was 2 degrees below zero at Wheeling, W. Va., when the firemen had to turn out to battle this blaze. Even while the building was ablaze great masses of ice formed across its front, and the hose lines can be seen wreathed in ice.

But it was 85 in the shade when this Polynesian householder set out to look for coconuts on a balmy South sea island. Same time of year, too. His photo was taken by an enterprising movie camera man who has just returned from a trip through the South Seas.

This propeller is 17½ feet long and weighs only 140 pounds. It was made by the U. S. air service at McCook Field, Dayton, O., for the new army dirigible RS-1, under construction at Scott Field, Ill., and weighs less than half as it would weigh if made of the wood usually used. It is of balsa wood, the lightest and strongest wood known.

COUNCIL AGAIN ARGUES STREET CORNER RADII

COPS PUT IN PLEA FOR \$15 SALARY BOOST

Fourth Ward Residents Petition Council for Another Fire Station

While plans for 1926 paving projects have not as yet been accepted by the common council, it is probable that the governing body will adopt a 20-foot radius for busy street intersections and an 18-foot radius for street corners in residence sections. In order to allow the aldermen themselves to decide what they thought would be the most practicable scheme, R. M. Connelley, city engineer, drew the plans with different radii. When it was shown that 25-foot radius at College and Oneida-st would leave the corner sidewalk only 5 feet wide at its narrowest point, some of the aldermen objected and asked for a shorter radius so as not to take off too much of the corner walk.

Plans submitted to the common council Wednesday evening and showing a 20-foot radius indicated a corner walk of 8 feet at its narrowest point on College and Oneida-st. Owing to the fact that the walk at the postoffice corner is not so wide as the College intersection, the corner walk with a 20-foot radius there would be between 6 and 7 feet wide at its narrowest point. While most of the aldermen were satisfied with a 20-foot radius at College and Oneida-st, some of them questioned it for Washington-st and Oneida-st because of the theater crowds which might be endangered in traffic at chopped off corners.

An 18-foot radius for the residential street intersections would be the same as those established on the newly paved Cherry and Richmond-sts.

BACK TO BOARD

After a meeting of the committee of the whole, the council received the plans to the board of public works. They have been drawn for the following streets: S. Cherry-st, south of the bridge, and N. State-st, both to be boulevardized. Appleton-st from W. Lawrence-st to the Northwestern railway tracks, and Oneida-st from Lawrence-st to Frank in both to be widened about six feet and Oneida-st to be resurfaced.

Among other business transacted at the Wednesday evening meeting, the council canvassed the vote of the union school election which was found to be 848 against and for adoption of the city plan and 822 against, 228 for the elective system in choice of school board officers. The union school system was therefore declared adopted in Appleton, thus ending a fight of nearly 70 years.

ARTERIAL STOP

Steps were taken to make an arterial corner of W. Lawrence-st and S. Walnut-st. According to an amendment to the traffic ordinance, the city would compel all traffic moving east and west at this intersection to come to a complete stop at Walnut-st before crossing. This makes S. Walnut-st an arterial highway from W. College-ave to W. Light-st. The action was proposed on account of the danger to traffic caused by the George Walter Browning Company building which is built right up to the property line and shuts off the view of traffic on Walnut-st.

Members of the Appleton police force requested a \$15 a month increase in salary. The petition was referred to the committee of the whole which without discussion, voted to refer it back to the council to be discussed at the February meeting in which salaries for city officers are to be fixed.

Charles B. Tiff, real estate agent, spoke in behalf of the Appleton Ornamental Iron and Brass works to request an amendment to the city zoning ordinance which would take certain property on N. Victoria-st and W. College-ave out of the residence district and make it a part of the heavy manufacturing district. It is a newly organized company operating 1704 E. John-st and wants to expand. It desires to buy the property on W. College-ave. The proposal had previously been referred to the city plan commission, and the council is awaiting the decision of that body.

WANT FIRE STATION

A petition signed by 100 petitioners asking for a fire department substation in the Fourth ward was referred to the fire and water committees for investigation. A similar petition from West end residents asking for a station in that section of the city was received at the last meeting.

Alderman Mark Galtin expressed the desire that the dental clinics, outfit loaned by the city to the Kiwanis clubs for school dental clinics, should be made available for parochial school pupils as well as public school children, but was informed by Mayor Goodland, Jr. that the service is now being extended to parochial schools also. The clinic is located in the Lincoln school.

A movement to complete the city hall collection of photographs of former mayors was revived by Alderman Wenzel Hassmann, and the task was assigned to the mayor. The council also instructed the mayor to purchase a wall clock for the council chambers.

A number of members of the Appleton aerie will go to Neenah Thursday night to attend the meeting of the Neenah aerie at which Judge Thomas E. O'Donnell of Kansas City, of the grand aerie organization department will be the speaker.

CHURCH RECEIPTS \$1,000 GREATER THAN EXPENSES

Total receipts of Mount Olive Lutheran church during 1925 were \$17,387.91 and disbursements were \$16,125.75 leaving a balance of \$1,222.16 with which to start the new year, it was shown in the treasurer's report at the annual meeting of the congregation Sunday afternoon in the church. The bond report showed that \$50,000 in new bonds were issued Jan. 1, 1925, and that \$2,700 of these had been redeemed leaving a total of \$47,300 in new bonds outstanding. Interest paid on bonds and notes was \$2,813.77, and the total paid on the principal and interest on the church debt was \$6,513.77.

Home-made Remedy Stops Cough Quickly

Finest cough medicine you ever used. Family supply easily made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too. Children like it—and it is pure and good.

Four 2 1/2 ounces of Pinex in a pint bottle, then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—without costing more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly breaks the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for healing membranes. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. SHERWOOD DOCTOR IS INJURED IN COLLISION

Bumped in the rear by an unknown driver, who departed from the scene immediately without leaving a clew to his identity, Dr. Weber, 53-year-old Sherwood physician, suffered slight injuries when he was thrown from his car to the pavement near the corner of E. John and S. Meade-sts at about 6:30 Wednesday evening. He was picked up by the police ambulance at the corner and was taken to the home of Charles Brown at 803 E. John-st from where he later returned to his home.

Dr. Weber had left the hospital on his way home shortly after 6 o'clock. He suffered a slight cut over his right ear and a bad bruise on the right side of the head above the ear. The right rear fender, the California top and a disc wheel on his car were bent and the rear of the body was badly dented.

POLICE DEPARTMENT RELIEVED OF OLD JOB

Appleton police department was relieved of one of its numerous routine tasks Thursday when a notice was received from Mayor John Goodland stating that the street department had been instructed to take care of deceased dogs and also to take charge of the shooting of sick or diseased animals. For years the police have answered calls to remove carcasses of dogs and cats or to put the animals out of their misery, but now both tasks belong to the street department according to a new plan. Appleton residents requiring this service in the future have been requested to phone 320 rather than the more familiar 151.

Mrs. Andrew Glaser, N. Locust-st and Mrs. T. A. Glaser, N. Richmond-st, attended the funeral of Mrs. Louis Glaser, formerly of Fond du Lac, who died Friday at Milwaukee and was buried at St. Joseph church, Fond du Lac, at 9 o'clock Monday morning. Rev. J. J. Collins gave the funeral sermon.

Sick 15 Years Now Well He Used Sys-Tone

J. Hollingsworth suffered for 15 years with stomach ailments, no appetite, headaches and dizziness. A friend advised Sys-Tone, the great tonic, and now his pain has left him, he sleeps like a baby, his appetite is normal and he is able to work every day.

This is but one case in thousands where Sys-Tone has brought freedom from health to men and women who had despaired of obtaining permanent relief.

Sys-Tone is a physician's prescription now on sale at leading druggists. If you, too, are weak and ailing, try this great tonic.

If constipated, use Sys-To-Lax, a mild but effective laxative prescribed by the discoverer of Sys-Tone.

Car Leaves Track on Railroad Bridge at Neenah and Ties Up Traffic

Mail from the south which was scheduled to arrive at Appleton post-office Thursday morning will not arrive until late Thursday afternoon as the result of a traffic tieup on the Chicago, Northwestern railroad between Neenah and Appleton junction. The mails were expected by noon but later it developed that the delay might be greater. A freight car containing pig iron jumped the track on the Fox river bridge between Neenah and Appleton junction, tying up the railroad service most of the day. Trains are being detoured on Hortonville-Oshkosh branch of the Northwestern road.

EMPLOYEES ARE ENTITLED TO RISK REFUND

Employees Insured Under Group Plan Should Get Dividends, Smith Rules

Madison—(AP)—Employees covered by a group life insurance policy issued by a mutual company are entitled to a share in the refund or dividends apportioned to the policy. W. Stanley Smith, state insurance commissioner, ruled Thursday.

Commissioner Smith was informed that dividends on such policies have been made payable to the employer. He answered affirmatively the question whether it is compulsory by law that the employer be given a pro rata share of the dividend.

In a mutual company policyholders in the very nature of the organization share in the refund of the divisible surplus on the basis of their premium contributions. Mr. Smith stated.

"The law of this state does not distinguish between funds or funds of policies, under Section 206.27, any policy of life insurance on the mutual or participating plan shall annually in an equitable manner share in the surplus.

"Suppose under a group policy, under which the insured employee contributes one-third of the premium, the policy is a participating contract assume the policy provides \$1,000 or \$3,000 insurance for the employee, a refund or dividend is made annually. The employee in fact is paying for \$500 or \$1,000 insurance. If the dividend or refund is paid wholly to the employer, then he is receiving something he is not entitled to, and the employee as policyholder is discriminated against as compared to a policyholder who himself has applied and carries a policy of the same kind and same amount who does receive his dividend.

"We are of the opinion that the policyholder is an employee, under a participating group policy shall share in the refund or dividends in theutable proportions that he contributed premium."

FORCE ALIEN TO SHOW RESPECT TO COUNTRY'S FLAG

Must Inculcate More Patriotism in Foreigners and Children, Speaker Says

Neenah—Compel every foreigner coming to America to learn in a reasonable time, to read and write the American language, Miss Medora Roskelley of Racine, stressed Wednesday evening at S. A. Cook armory, in her address on "Americanism," Miss Roskelley was brought here by the Women's Relief corp and the Grand Army of the Republic of which societies she is a member, being an adopted member of the latter society. "Start them off by teaching them American history, to hold the stars and stripes in reverence as a standard of protection to all Americans," the speaker said. "Abolish the idea of bringing the foreigner into a crowded court room and compelling him to sign his name to a piece of paper which makes him a citizen of this great country," she suggested. "Take him out in a beauty spot where has been gathered the army, the navy, the legion, soldiers of all the Boy Scouts, and point out to him that these are the finest America affords and present them to him in all their glory, and you will find that he will realize at once that his citizenship means something more than merely signing a piece of paper."

"Do not try to teach him to be an American in night schools fitted with desks. This takes him back to his boyhood days in school. Place him in a chair, where he will forget that he is in school and he will be an attention in his efforts to follow the instructor."

"Compel every pupil in the schools, parochial or public, to salute the flag every day before he can begin his daily study and you will find that this will be remembered through the life of that pupil and he will respect that flag whenever he sees it."

"Every person in this America should feel that this government is for the people, by the people and of the people and that it is as fine as our forefathers made it and we have amended it," she stated, "and as the trail of the G. A. R. is drawing toward the winter of their lives, having passed through the spring, summer and fall, we should consecrate ourselves anew and carry on the patriotism and there is no surer way than to make our citizens better, make them feel with us, give them some of the finest that has come out of us so that they can stand square on American principles."

Classes in speech at the high school, taught by Miss Vivian Gray, will hold a banquet Saturday evening at Valley Inn. Covers will be placed for 50 guests.

Campfire Guardians entertained at a card party Wednesday evening at the Young women's club rooms. The evening was spent in playing bridge. Prizes were won by Miss Clara Patzel, Mrs. A. Dorn and Miss Florence Mason. The party was largely attended.

Miss Margaret Grimes, daughter of Mr. and Mrs. William Grimes, West Menasha, and George Kolfer, son of Mr. and Mrs. John Kolfer, of the same place, were married at 6 o'clock Thursday morning by the Rev. George Clifford at St. Patrick church. The young couple was attended by Miss Marie Grimes, sister of the bride, and George Kolfer, brother of the bridegroom. A dinner for immediate relatives followed the ceremony, after which Mr. and Mrs. Kolfer left for a short visit with relatives in Chicago and Milwaukee. Upon their return they will take up their residence in a home presented to them by the groom's father.

SCHOOLMASTERS MEET IN NEENAH ON FEB. 12

Neenah—"Constructive Supervision" will be discussed at the second meeting of Fox River Valley schoolmasters' club to be held Friday evening, Feb. 12, at Valley Inn in this city. In elaboration of this subject, several topic talks will be delivered by well known instructors of the valley.

President T. A. Brown of Oshkosh Normal, will speak on "The Preparation and Growth in His Work on the Part of the Supervisory Officer." Methods of Constructive Supervision, Observation, Contact and Acquaintance with Teachers, and the Use of Positive Suggestions, by Ben J. Rohan of Appleton; "Supervisory Officer As a Factor in the Increase of Teacher Power," will be the topic outlined by Superintendent C. E. Hulten of Marinette.

NEENAH LIBRARY HAS 14,370 BOOKS ON SHELVES

Neenah—The public library on Jan. 1, 1926, had 14,370 volumes upon its shelves, according to the annual report of Miss Mae Hart, librarian, which was submitted Wednesday evening at the meeting of the library board. About 351 new books were added during the year. Total circulation, including books and magazines was 45,835 of which 22,451 were borrowed by children and 23,384 by adults. Approximately 7,000 people visited the library and reference rooms during the year. The rural department started last March, loaned 888 books to people living in the rural districts.

The report shows a slight gain in new books and attendance.

Piles Disappear

No Cutting or Salves Needed
External treatments seldom cure Piles.

Nor do surgical operations. The cause is inside—bad circulation. The blood is stagnant, the veins flabby.

The bowel walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through stagnant pools. Internal treatment is the one safe method. Ointments and cutting won't do it.

J. S. Leonhardt, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in 1000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at Schlitz Bros. Co., who will gladly refund the purchase price to any dissatisfied customer. adv.

HEAVY SCHEDULE STILL AHEAD OF BLUE DEBATERS

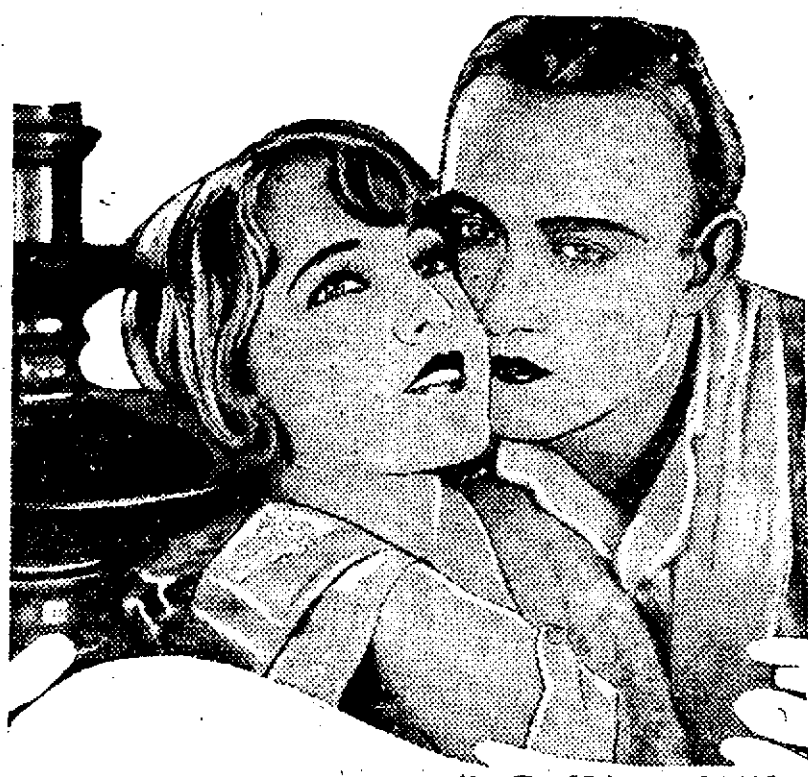

Lawrence Speaking Squads
Just Getting Started on
Winter's Activities

Eight trips including towns both in Wisconsin and in neighboring states, three home debates with the possibility of two more, still remains on the schedule of the Lawrence college debating squad. The Blue squad has the heaviest portion of its schedule yet to be worked off, the season having begun on Jan. 12 and will continue well into February.

Thursday Coach A. L. Franke's negative speakers will go to Keweenaw to meet the Ripon affirmative, and Friday the same two teams will debate at Sturgeon Bay. During the last week in January, two Lawrence teams will travel to the western part of the state, debating with Ripon teams at Cumberland, Chippewa Falls, Wausau, River Falls, Ellsworth, and New Richmond.

In February the Lawrence team will begin against Carroll college speakers. Feb. 3, the Lawrence affirmative will meet the Carroll negative at Waupaca, Feb. 4, at Stevens Point, and on Feb. 5, the Lawrence negative will debate the Carroll affirmative at West Allis.

All these debates with the Wisconsin college teams will be before high schools, under the non-decision, open forum plan. The week ending with Friday, Feb. 5, will complete these debates, and the next week two Lawrence teams will invade Michigan and Illinois. Wheaton college, Wheaton, Ill., Northwestern college of Naperville, Ill., Wesleyan at Bloomington, and Olivet college at Olivet, Mich., are on the Blue and White calendar for this trip. Wheaton college later will send a team to meet the local speakers on an Appleton platform, and Illinois Wesleyan and Olivet also may send speakers to Appleton, although arrangements for the two last

JONES HELPS OUTLINE KIWANIS CLUB PROGRAM

J. L. Johns, formerly president of the Appleton Kiwanis club and member of the International Kiwanis committee on public affairs, was one of the special speakers at the annual mid-winter council of the Wisconsin Upper Michigan district of the Kiwanis club in Milwaukee Tuesday and Wednesday. Executive sessions and committee meetings were held, and plans for the coming year and the appointment of new committees were discussed. Mr. Johns also was among the presiding officers.

After debates have not yet been made. Appleton will hear the only two decision debates scheduled by the college. Returning the visit of the Lawrence team on their western trip to the coast last season Cornell college of Mt. Vernon, Iowa, and Pullman college of Pullman, Wash., will send teams here this year.

ELECT OFFICERS AT ANNUAL CHURCH MEETING

Trustees, deacons, and deaconesses will be elected at the annual meeting of the Congregational church at 6 o'clock Thursday evening. Supper will be served promptly on time in order that the business may be finished in time to hear the De Reszke Singers at Lawrence chapel, to leave early.

F. J. Harwood, moderator of the national council, will speak, and Dr. J. S. Reeve will be toastmaster. Other business will include reading of the treasurer's report. Printed reports of officers of the church will be distributed at the meeting. Special music and stunts will be introduced during the meeting. The banana class will serve the supper.

Basketball and Dance, Legion Hall, Little Chute, Fri., Jan. 22.

Five Artists Entertain Artist Course Patrons

Five American artists of note will appear at Lawrence chapel at 8:20 Thursday evening when The De Reszke Singers and Miss Mildred Dilling, harpist, give a varied program of classical numbers, old English, Irish and Scotch folk songs and ballads, appealing French selections, and others. This is the first American tour of the De Reszke Singers who have completed two successful seasons in England and on the Continent.

Miss Dilling has played in European music centers, including London and the Hague, has appeared in recital with Alma Gluck, Frances Alda, Frieda Hempel and other famous singers, and is reputed to be one of the world's greatest harpists. Her early musical training was received in America and she has since studied with Henrieta Renie, said to be the greatest harpist and teacher of the instrument in the world.

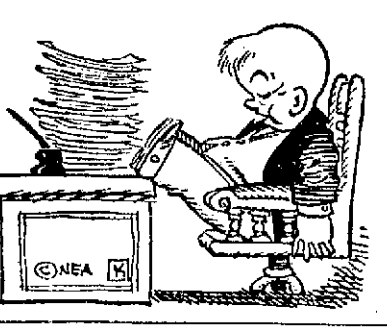

Hardesty Johnson, Edwin Mutch, Floyd Townsley, and Sigurd Nelson, the De Reszke Singers, have an unusual ensemble of four voices: two tenors, a baritone, and a bass. Criticisms of both their individual and concerted singing are unusually fine, and it is expected that Appleton will enjoy the program of both familiar and unfamiliar songs offered by the group.

The program:

Invictus Bruno Huhn.
The Long Day Closes
..... Sir Arthur Sullivan.
The Entree Serenade Cyril Scott.
Mattinata Leoncavallo-H. Johnson.

CAPITAL HOTELS SUFFER WHILE CONGRESS RESTS

One Prominent Washington Institution Is Forced into Receivership

BY CHARLES P. STEWART
Washington—Just to illustrate what much a long Congressional recess plays with business in Washington the first one drove the very old widely known extremely exclusive and really historic Shorcham Hotel into a receiver's hands.

The establishment was running along in perfect peace and prosperity until Congress adjourned early last March and is making money again since it convened early in December but it got so far behind during the nine-month interval that it couldn't meet its current bills and a receivership was necessary to avert legal proceedings which would have wrecked the property permanently.

The receiver expects to have the business pulled entirely out of the hole by the beginning of the next long recess and probably then the management will cut away down on expenses to avoid a repetition of the present unpleasant experience.

Before the war the capital was accustomed to these long summer recesses and its hotel men and others made due allowance for them.

During however from the latter part of 1913 Congress sat almost continuously until its March 1925 adjournment. Not that there were no breaks in the performance, but they were short—nothing like nine months and a little over.

In those 10 or 11 years Washington rather forgot what it was like to have the capital standing empty for a prolonged stretch and some of them neglected to change their business starting promptly each year when the lawmakers left to home last spring. The Shorcham is the only capital place which has suffered in consequence though it is the most conspicuous one.

Of course the 781 in miles of the two houses of Congress don't signify much as to bulk for in a city of Washington's population even containing all their auxiliary officials and families.

But the amount of miscellaneous visitors they attract is astonishing.

Even ordinary tourists who come simply to view the landscape and have a cent's worth of business to transact with the legislators, most postpone their visits until Congress is in session. They like to see the debates and consultations and so on.

Naturally this class is in the thick of the party tourist trade and many of them go to houses like the Shorcham—it goes to cheaper places many—but the high-priced crowd are the very life and soul of their parties.

Boarding houses like hotels are in hard times when Congress is in session. Apartment house rentals, lunch, plan retail trade moderates but not so much affected as some other lines. Gosh! what a crump a long recess plays into the rubber shoe-wagon industry. The theaters don't do so much. Summer isn't their season anyway.

SALVATION ARMY CORPS LEADERS ATTEND MEET

Mr. and Mrs. Edward Shaw of the Appleton Army corps attended in officers' council meeting of the Salvation Army at Green Bay on Monday. Representatives from the Oshkosh, Manitowish, Shiocton and Green Bay corps also were there. Founding day was not represented. The evening meeting was of a religious nature.

She Needn't Have Whispered It!

Her dinner partner saw her swallow it, and she explained, "I couldn't eat all that rich food if I didn't help it along!" Then he smiled—and took the same little tablet from his pocket. "I had to watch what I ate, too, before I discovered Stuart's!"

Is there 100% relief for dyspepsia—indigestion—sour stomach? Yes! Give your digestive system a chance, and it will function with almost any kind of food—even doughnuts, baked beans, dishes cooked with onions. Stuart's dyspepsia tablets give your stomach the alkaline it needs—and that's all there is to it!

Hearty eaters—hard smokers—high livers—find Stuart's a boon and blessing!

D. A. R. WILL SPONSOR FAMOUS PICTURE HERE

The history of the American Revolution from the time of Spanish invasions until the present day will be portrayed in the motion picture "The Vanishing American" to be shown at Dasher's Appleton theatre on Jan. 25 to 29 under the auspices of the Appleton Chapter of the Daughters of the American Revolution. The

proceeds of the sale of tickets will be used for patriotic purposes in Appleton.

Prot M. J. Small, principal of the Wilson Junior high school who saw the picture at a trial showing a few weeks ago, stated that he considered it one of the finest ever shown on the screen. Tickets may be obtained from all members of the Daughters of the American Revolution from Mrs. William S. Mason, chairman of the ways and means committee of the theatre.

1,391 STUDENTS GET INSTRUCTION IN TRADE SCHOOL

Hambrecht Reports Total Enrollment of 66,000 in State Vocational Schools

That 1,391 vocational school pupils of the 66,000 in Wisconsin are enrolled in the Appleton vocational school was shown in a report by George P. Hambrecht, state director of vocational education on Jan. 16. Probably as many as 65,000 persons in the state are receiving part time education in order to increase their earning power according to Mr. Hambrecht and this is about 1,000 more than were benefiting by the work last year.

A striking fact in the growth of the vocational school in 1925-1926 is that only 86 more pupils are found in the night classes throughout the state but that 4,974 or more pupils are enrolled in the day classes. Approximately 2,500 pupils are registered in the day classes this year, and about 25,000 in the night classes.

Over one-third of the vocational school population is centered at Milwaukee with more than 27,000 students. Other leaders in the state in this work are LaCrosse 3,812, Racine 2,902, Madison 2,855, Kenosha 2,587, Oshkosh 2,232, Green Bay 1,509, Manitowish 1,319, Superior 1,357, Wausau 1,062, Marinette, 874, Janesville 782, Eau Claire, 762, Chippewa Falls 552, Wisconsin Rapids 473, Stoughton 372, Marshfield 319.

APPLETON WIS.

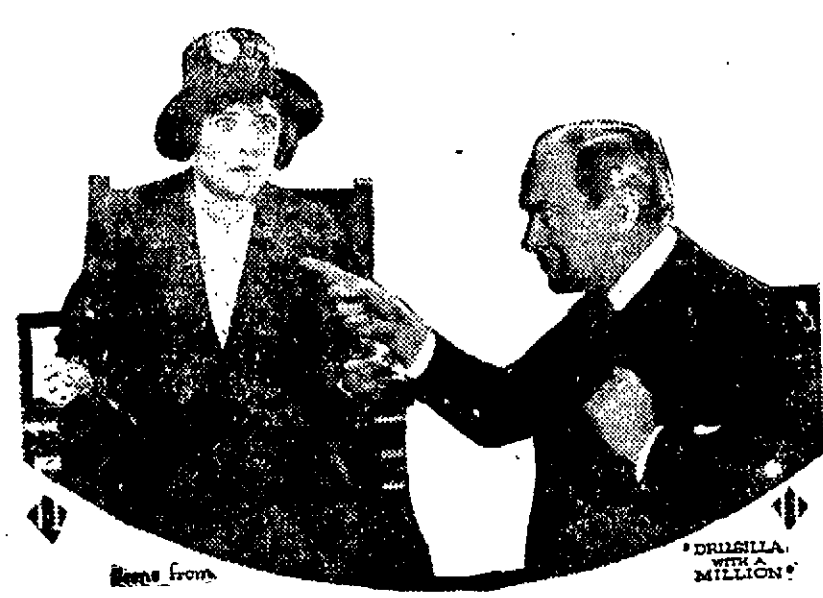

BEGIN HERE TODAY
BARBARA HAWLEY, 25, breaks with her fiancé, **BRUCE REYNOLDS,** and gets a job on the Appleton Telegraph, in order to see life.
ANDREW McDERMOTT, the managing editor, is a former friend of her father, **BOB JEFFRIES,** police reporter, proves friendly.
Barbara gets a letter in the morning mail signed "Violeta," asking how to attract a young man socially superior to the writer.
Barbara attends a newspaper dinner at the Lighthouse Inn with **SINBAD SULLIVAN,** a press agent. There she meets **JEROME BALL,** a man about town.
The sound of a shot comes from an inner room in the roadhouse.
NORMAN HOLLOWELL, a prominent broker, was found dead in the room. A suicide note was in his pocket. A doctor said it was a clear case of suicide, that Hollowell was alone in the room at the time, but Barbara finds a woman's scarf under the table and gets a "scoop" on the story.
Fate seems to be placing Barbara in the path of Bruce frequently. She is sent to interview Mrs. Lydia Stacy, a prominent society woman, on the real estate project promoted by Bruce's firm. **NOW GO ON WITH THE STORY**

CHAPTER XVI
A white-capped maid opened the door.
"Mrs. Stacy will see you in the sun room," she said, leading the way.
Barbara took a chair by one of the large windows and stared out across the snowy lawn. She was lost in her own gloomy thoughts when Mrs. Stacy entered the room. She came with a sweep of draperies and a wave of delicate perfume.
"What do you want me to talk about?" she asked, settling herself on a day bed near Barbara's chair. "Really, it's such a bore, the way these newspapers hound me for interviews. It isn't as if I amounted to anything from a news viewpoint." She shrugged her shoulders. "Many people have been to Europe without talking about it in the newspapers."
Barbara waited patiently. She had heard this kind of prelude before.
When Mrs. Stacy had finished, she said, "But of course, not everyone who goes to Europe comes back with the sort of story we hope to get from you."
The other woman smiled. She began, "Very well, what will you have, European art, clothes, manners, politics or what?"
It was half an hour later that Barbara found a chance to ask, "What do you think of the Vale Acres development project, Mrs. Stacy? You are interested in European architecture, aren't you?"
The other woman leaned forward, so that her heavy silk shawl fell in long loops to the floor. "That!" she said impressively, "is the first sign I have seen of an awakening civic consciousness in Appleton. I am very much interested in watching its progress."
Barbara looked at Mrs. Stacy. Her red brown eyes were alight for the first time during the interview, and her languid air had given way to eagerness.
"There's a chance for some of the moneyed people in Appleton to get behind this enterprise and put their town in the front of the procession—and make a good profit besides. I'd be willing to get into it among the first myself. I have that much interest in my home town and in architecture for my own sake."
"May I see that in the story?" asked Barbara, with her pencil poised.
Mrs. Stacy frowned and leaned back reflectively. "No, not just yet. I think it all depends upon some other developments. I may be ready to make that announcement in a few days. But I might change my mind."
It seemed to Barbara that her hostess' eyes dwelt upon a framed picture that stood on the piano, with its back toward the window.
"I'll tell you, Miss Hawley, if you and the Telegraph will jump into this enterprise and give it all the publicity you can, I may have a good story for you soon. I want to see how the thing catches on before I plunge myself." Again she glanced toward the picture.
Barbara was watching her coat and picking up her gloves when Mrs. Stacy stopped her. "Don't go yet," she said. "Stay and have a cup of tea with me. It's such a gloomy day, I'd love to have company."
"But I really ought to get back," Barbara was saying, when the maid appeared with a tea tray.
"Your life must be very interesting, Miss Hawley," said Mrs. Stacy, arranging the tea cups. "Always out in the world, meeting new people and new adventures. How I envy you!"
Barbara glanced at the carefully groomed hands that levelled with the rings and at the soft smooth cheeks and glistening hair. "It's not an easy life," she replied, "but it's wonderful if you like it."
Mrs. Stacy was apparently ready for an afternoon of philosophy. "I've always thought," said she, "that I would have made an excellent newspaper woman myself if only I hadn't been cursed with enough money to live on."
"Mr. McDermott spoke of your news sense," Barbara smiled.
The compliment told Lydia Stacy gave an airy gesture. "Enough of that. I am doomed to be an idle woman for the rest of my life. Everything is against me. You and your kind will go on, seizing all the real fun in life and learning more about the world than I'll ever know. Just because my late husband was thoughtless enough to leave me provided with enough money to live on I'll never have a chance to live."
Barbara looked embarrassed. "I'm sure—" she began, wishing heavily

TRADE BOARD DIDN'T KEEP EVIDENCE SECRET

Washington, D. C. —(AP)—Francis Walker, in charge of the federal trade commission's investigation into the aluminum company of America, told a senate committee Wednesday that the department of justice, in inquiring into the same case, apparently had not fully understood the question of price discrimination involved.
"The committee is seeking information whether the justice department diligently followed up the case against the company, in which Secretary Mellon is a stockholder. Walker corroborated the testimony of other witnesses that the trade commission did not promise to keep confidential the evidence it secured from the company.
Senator Walsh asked Mr. Walker how long it would take him "to determine upon the basis of your report" whether the aluminum company had violated decrees of the federal court.
"A few hours," Walker replied.

University Will Honor 5 More Badger Farmers

Five more Wisconsin farmers will be granted certificates of recognition by the University of Wisconsin during Farm Folks Week at Madison from Feb. 1 to 5. Since 1909 when the first honorary recognition exercises were held at the Wisconsin College of Agriculture, 55 of the state's and nation's agricultural leaders have received certificates. William G. Jamison, live stock breeder and agronomist, Greenville, was so honored in 1922 and is the only farmer from Outagamie-co to have received this recognition from the state.
Engraved testimonials are presented by the president of the university, president of the university board of regents, and the dean of the college of agriculture in recognition of service in agriculture. Criteria of selection are qualities of leadership, the strong desire to serve their communities, and the application of native intelligence to the soil.
The University of Wisconsin was the only institution in the United States for many years that granted a certificate of recognition. It is intended to honor not the man who farms as a hobby or the rich city farmer, but the man "who lives on the farm year-in and year-out, who loves every inch of the country for its own sake, and who is doing something for agriculture besides making money," according to Mrs. Elsie Bullard Morrison.
The 52 men and three women on the honor roll represent 20 counties of Wisconsin, and the states of Iowa, Illinois, New York, Connecticut, Michigan, Minnesota and the District of Columbia. Buck, Jefferson, La Crosse, Waukesha and St. Croix counties have furnished the largest number of "honorary members."

WHEN it's a winter night and the day that was busy is done. And outside the snow is driving through the trees before the wind. When, inside, the crackling logs catch fire and burst into flames above the hearth—have a Camel!

For Camel is the tried and trusted friend of millions of experienced smokers. Whether your returning steps bring you home tired or jubilant, no sweeter, more mellow fragrance ever came to you from a cigarette. There's not a cigarette after-taste, not a tired taste in a whole country full of Camels. Only mild and mellow flavor, deep-down contentment in your home or any home where Camels are lighted.

So this night, before your roaring logs of oak or hickory—have a Camel. Open up the famous package of Camels and know the fragrance, the contentment that brings happiness to millions. Put a Camel between you and a light and taste the mellowest, most delectable blend ever made into a cigarette.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.

Adventures Of The Twins

THE TWINS CLOSE THEIR GARAGE

One day Daddy Cracknuts came to the "Twins Garage" in his car. "Hello, Daddy," cried Nick. "What can I do for you?"

"I came to talk about fixing up my car for the winter," chuckled Daddy. "It is getting so cold up in Maple Tree Flats that we are going to move to our winter house under the ground. When we move we don't come out very often. And we won't need a car then, for we never travel very far away."

At that very minute, before Nick had time to answer, there was a sound of spitting and chugging, and up came Mister Wally Woodchuck on his car.

"My goodness! It's so cold I can't make the engine work right at all," said Mister Woodchuck climbing stiffly out. "I came to see what I had better do with the car this winter. We live in the house the whole winter long. Indeed, we go right to bed and stay there. So a car isn't needed any more than a sausage balloon, so I left."

"That's what I came to see about," said Daddy Cracknuts soberly. "And I—"

"But before I could say another word, up drove Mister Busted Gum in his yellow car.

"Hello, everybody," said Ringtail. "I'm sure you can't guess what I came for. Well, I'll tell you. The dog at the farmer's house has discovered where we live and will have to move. I don't want to take my car along because we'll be back here in the spring. So I came to see what I'd better do about it."

"We're all in the same boat," said Daddy Cracknuts. "We are all moving or doing something like that."

At that minute up rattled Mister Muskrat in his funny little rubber-trap washboder car.

"It's getting so cold," he said as he hopped out, "that Mother and I are going to shut ourselves up for the winter. The only front door we have is under the water and when the pond freezes over we can't get out. Much use my car is to me! What shall I do with it, Mister Nick?"

At that minute another car pulled up and stopped, then another, and another and another. There was a whole procession of cars, really.

There was Puckles Pocompene, and Mister Chipmunk and Colonel Pussam and Mister Drake and every body—all wanting to put their automobiles away some place for safe keeping until the next spring.

"If you wait, I'll just call up the Fairy Queen," said Nick. "She lives at her palace in Fairyland and if she is at home she will tell you all exactly what to do."

So he called up the Fairy Queen on the telephone and by and by he came out and said: "You are to drive your cars down the lane between the hickory bushes and the poke-berry patch. The Fairy Queen has had her carpenter Tick Tack build a sort of winter garage there where you can leave your cars. They will be taken care of over winter by some of the fairies and next spring they will all be in fine shape for you to drive again."

"Thank you, sir," said Colonel Pussam climbing into his car.

Then one by one the other wood and meadow people got into their cars and drove away.

Nancy and Nick looked after the last tiny car as it disappeared around a curve in the road.

"We may as well close up the gas-station too," said Nick. "It is not necessary for us to stay here now."

"No, indeed," said a voice. And there stood the Fairy Queen herself. "You have worked hard and all the

McTangle

CLIPPING FROM THE PITTSBURGH SUN

The home of Mr. John Prescott was entered last night and while nothing was taken, it would seem that the thieves were still in search of Mrs. Prescott's pearls. This bears out the police theory that there is still one man, and that man the thief of the land, at large, but it shatters the theory that he had the jewels with him.

Now the whereabouts of half a million dollars' worth of pearls is a greater mystery than before. All Mr. Prescott's servants, that were with him at the time the pearls were taken, are still in the house. Most of them were with Mrs. Prescott while her father was alive.

All boxes, vases and other receptacles in the library that could possibly contain these jewels had been examined. When the case was reported to the police this morning, a reporter accompanied the Commons Sense of Police, who took charge in person, to the house.

Mrs. Prescott had no allowed anything to be disturbed. The room was in the same condition in which burglars had left it.

No one seems to have heard the slightest noise or disturbance in the house, yet there is indisputable evidence that there was more than one person concerned in the search. In fact, a lot of orphaned children were attached to a statuette that had been brushed off of its pedestal on a cushioned divan which was standing near.

One would naturally suspect from this that there was a woman as well as a man on the job. This idea was confirmed by the finding of a delicate ornate handkerchief near the pearls with the monogram "M" on it.

Mr. Prescott lay petitioned for a municipal watchman to guard his property for a while. This will be in conjunction with two men he has hired privately.

Mrs. Mary Allen Prescott, the mother of Mr. Prescott, reports that in the early morning hours, just before daylight, she was awakened by something she knew not what, and went to the window of her room where she saw a limousine drawn up to the curb and a man and woman just getting into it. It did not strike her at the time that these two people had come from the Prescott home, and she went back to her bed and went to sleep.

Police Commissioner Landau insists that the visit to the Prescott house was made with another motive added to the finding of the gems. He says it looks like the work of someone who wanted to execute a revenge of some kind, inasmuch as nearly everything in the room was defaced in some way. He had advised Mrs. Prescott to take particular care of herself and her children until the miscreants are apprehended.

163 TEAMS ENTERED IN WOMEN'S STATE PIN MEET

CITY SETS NEW RECORD WITH 90 BOOSTER SQUADS

Entry List Falls Five Short of Equaling Mark Made at Racine

Team entries for the annual tournament of the Wisconsin Women's Bowling association which will be held here on Arcade alleys from Feb. 4 to 14, inclusive, number 163, according to Mrs. Jean Knepprich, Milwaukee secretary. The entries closed at midnight, Sunday.

Although this is five less than the total number received last year when the tournament was held at Racine, the number of booster teams has been increased from 80 the former record, to 90. In other words, 450 or more women from Appleton alone will participate in the classic.

The fact that the national women's bowling tournament will be held at Milwaukee next April no doubt led to the entry list down according to Mrs. A. J. Jense, Appleton president of the state loop. She expressed the belief that if it had not been for the national event at Milwaukee, the record entry mark of 163 teams established at Racine last year, would easily have been exceeded.

Mrs. Jense declared that the association wishes to express its thanks to Appleton business men who cooperated with the local committee in securing 90 booster teams. It had not been for the willingness of local merchants to assist the total number of entrants would have fallen far below expectations.

The enrollment from many of the principal cities in the state, especially those of the Fox River valley has been disappointing. Mrs. Jense said a larger number of teams were expected particularly from Green Bay, Oshkosh, Manitowish and Milwaukee. Many women are planning to attend the national meet however and could not see their way clear to participate in both events.

That a keen field will exist before the 1927 tournament is indicated by early reports that Green Bay and Fond du Lac are preparing to put in strong bids. It is also probable that one or two more late invitations will be received.

The schedule for the 10-day tournament is now being prepared and will be ready within a few days, according to Mrs. Jense.

APPLETON CAGERS WIN FROM STEPHENSVILLE

Pretty teamwork and shooting in the last half of a game played Wednesday evening at the Stephenville auditorium gave the Appleton Dodgers a 23-20 win over the strong Stephenville city team. The game was clean and fast throughout and furnished plenty of excitement for the spectators, being much closer than the score indicated. The score was 23-20 at the start of the final quarter but here the Appleton crew unhooked a rally which added four baskets while their opponents were held scoreless. The score at the first quarter was 6-4 and at the half 10-4 both for the Dodgers.

Putz was the individual star of the game dropping in six baskets and a free throw, though each man on the Appleton team got at least one basket. Stephenville presented a clean hard fighting team of players. The Appleton lineup was Putz and S. Zuesman, forwards; Schwartz, center; Heetz and Bender guards. Vander Wende has booked future games with Black Creek, Onoda. Twelve corners and Shuonon. Friday evening a badly crippled team without the services of Putz star forward and three other regulars travels to Twelve Corners for a game with Bill Metz crew.

THETAS TAKE THREE GAMES FROM PSI CHIS

Theta Phi defeated Psi Chi Omega three consecutive games in a Fraternity League match at Eagle alleys Wednesday evening. Wolkner with 199 set the pace for the winners while Bernis with 452 was the only one among the losers to reach 400.

ARMY STORE DROPS TWO TO CHERRY BLOSSOMS

Appleton Army Store bowlers lost two of three games in their match with Cherry Blossoms at Eagle alleys Wednesday night. The only game the store team won was the last, when it rolled 890 for an easy margin of 60 pins.

The first round in the Y. M. C. A. volleyball tournament which is being conducted for the purpose of picking a team to represent the Appleton "Y" in the state volleyball tournament at Milwaukee was completed at the "Y" gym Wednesday evening.

Team No. 1 captured by J. E. Schintz won two games from Capt. F. C. Reuter's No. 2 team the scores being 15-5 and 15-0. Team No. 3 of which Al Bradford was elected captain dropped a match to Team No. 1 whose captain is John Selter by winning only one of the three games.

The third match between Teams No. 1 and No. 4 resulted in two straight victories for the latter group giving Captain Heller's men the second match of the evening.

The schedule next Wednesday night is as follows:
Team No. 2 vs Team No. 3 at 7:15 o'clock
Team No. 2 vs Team No. 5 at 8 o'clock
Team No. 1 vs Team No. 4 at 8:45 o'clock

A. J. Jense, chairman of the physical committee gave the league members a short talk before the games. He stressed the purpose of the tournament that of sportsmanship, friendship and the choice of a team for the state tournament.

At the end of this preliminary tournament which will come to a close Thursday evening Feb. 4, 24 of the 40 players considered the pick of the teams will be chosen by the players themselves. These men will then be divided into four teams, another tournament will be conducted and the eight best players will then be picked for selection on the state team. Intensive drill to whip this team into shape will be the program until the time of the tourney at Milwaukee.

TWELVE CORNERS WHIPS SHIOCTON FIVE, 10-4

Twelve Corners basketball shooters increased their string of victories to six Tuesday evening when they beat the Shiocton five in a close game at Stephenville 10-4. The Twelve Corners team has lost only one game this season.

MADE FOUR SACRIFICE HITS IN SEASON'S PLAY

In 133 games last season Bill Terry of the Giants made but four sacrifice hits an unusually low mark for a player taking part in that many contests. Terry stole only a quarter of the bases he made in 133 games.

BOWLING

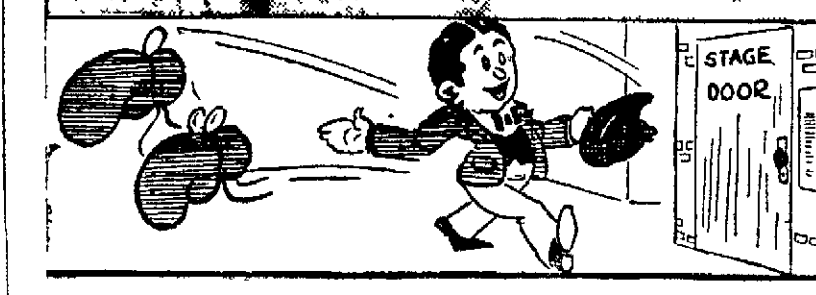

With The CHAMP
By Jimmy Smith

THE APPROACH
The approach, like the stance, plays a big part in the ten-pin pastime. You must approach the foul line in the proper manner. If not, you'll meet with little success.

As you "come up" from the crouch, bring the ball a little above waistline. At the same time step forward with right foot. (For southpaws the reverse, of course, applies.)
I find a 12-foot approach is sufficient. That permits four steps of three feet each. Some find even a shorter run suits them better. However, don't get out of breath trying to do a miniature sprint. It isn't a foot race.

I use a natural, easy stride. Don't make your approach as though you were being clocked. Take your time. Too much speed is apt to carry you past the foul line and throw you out of position.

NOT A MATINEE IDOL

Here we have Benny Leonard (mayhap we should call him Benjamin now that he's on the stage) in a brand new theatrical pose. Note the typical actorian glance of the eyes. Reg'n' highbrow stuff that's a cinch. While Benny takes stage work, there have many rumors of his returning to the ring, especially since Rocky Kansas won the title. Leonard whipped the Rock three times and believes he could regain his light-weight laurels were he to give the game another fling. Whether he will or not, even the question and answer man can't tell.

Helen Wages Battle Of Eyeshade Against Turban

Cannes, France—(P)—The eyeshade habit of Helen Willis has caught the fancy of the women players here the same as it did in the United States and England. It is now as much a vogue as Suzanne Lenglen's multi-colored turban innovation started four years ago.

When Miss Willis had her first practice here last Sunday her white and green eyeshade was the only one visible on the Hometenopolis courts.

TAXIS SLIP 24-16 DEFEAT TO KAUKAUNA

With fast speeds forward racing nine field goals O. K. Taxi has defeated Kaukauna. The taxi squad defeated Kaukauna 24-16 in a game played at Kaukauna Tuesday evening. The taxi team was the loser, sinking 4 fumbles and displaying fast footwork. The Taxi will play the Hot Spots at Menasha Thursday evening.

ORWOLL TO PLAY WITH BREWERS NEXT SUMMER

Milwaukee—Ossie Orwoll, the lefty pitcher and lugger who finished the baseball season of 1925 as a center fielder, with the Milwaukee Brewers has signed a contract for 1926 and will accompany the rest of Otto Bornhies' hurlers on their spring training trip, according to word from the Cream City.

SHE'S LATEST TO PLAN ENGLISH CHANNEL SWIM

The latest swimmer to announce her intention of trying to negotiate the English Channel is Irene Hoseney of Winthrop, Mass. She is the champion long distance nymph of New England. She is getting ready for the hazardous effort by taking a dip every day in the ice cold waters.

CLASSY CARD IS ON TAP FOR NEXT CREAM CITY SHOW

Winner of Goodrich-Seeman Bout Will Be Matched With Callahan

Milwaukee—A match with the sensational Mushy Callahan. This is the lure Frank Mulken held out to the winner of the Jimmy Goodrich-Solly Seeman bout which will be held at Milwaukee's famous fight arena, the Auditorium next Monday night.

The most attractive bout on the program is one featuring Joey Line the Milwaukee speed boy and Tony Caponi of Chicago. Line who has a big following in the state is one of the greatest crowd pleasers in Milwaukee's arena colony. In Caponi he meets another enthusiastic knuckle toser.

Walton Klug of Milwaukee who bobbed into prominence by making a great fight in his professional debut six weeks ago will also appear in a card. His opponent being Jimmy Schuck, Zig Zwick, the sturdy brawler will meet Tony Ray of Chicago and Charley Weber has been matched to box Joe Wilko. These two boys fought a sensational draw in Du Claire recently and the bout was such a thriller that Mulken went the limit for the rematch.

STATE ASSOCIATION PLANS SKATING MEET

Madison—(P)—The movement to promote skating as a high school sport has been revived this winter and the Wisconsin Interscholastic Athletic association is seeking entries for its proposed first annual skating meet here.

The University of Wisconsin is sponsoring the meet which is scheduled for Feb. 20. Final arrangements will be made when the W. I. A. is assured that a sufficient number of boys will enter. P. J. Neveiman, athletic secretary, said the meet scheduled for last year did not materialize due to lack of interest on the part of schools.

The schedule of events for this year includes 100 and 220 yard dashes, 140 and 880 yard runs, 880 relay and a fancy skating contest. Individual prizes will be awarded for first, second and third place skaters. At a team trophy will go to the school scoring the largest number of points. The time of each winner will enter as a state record until it is beaten in future meets.

Wisconsin offers a wonderful opportunity for the development of an outdoor winter sports program. Mr. Neveiman said. The board of control is desirous of developing such a program and feels that this skating meet offers an opportunity for its launching.

Although Dempsey did not commit himself on the Willie offer, the Herald said he intimated such a bout as Mullens proposes could not be held.

MENASHA PLAYS LEGION CAGERS AT ARMORY G

The American Legion basketball team Appleton's entry in the Eastern Wisconsin Home Talent league, will battle the Menasha cagers in a loop game at Armory G Thursday evening, starting at 8:15 o'clock. Roosevelt Junior high school and First Ward Aces will play a preliminary game at 7:30.

ORANGE CAGERS WORK HARD FOR NEENAH BATTLE

Thud Tilt Will Be Played on Neenah Floor Friday Evening

Appleton high school cagers will make their third start of the season Friday evening when they engage the strong Neenah high school team at Neenah. Although the tilt will be a non-conference game, Coach MacNiffie has expected some of the hardest games of the 1926 schedule and he has been driving his Orange club through tough practice sessions all week.

The local basketekers still remember the drubbing they received at the hands of the Neenah men there last year by an overwhelming 23 to 4 score. Neenah was better by a close 10 to 9 count here.

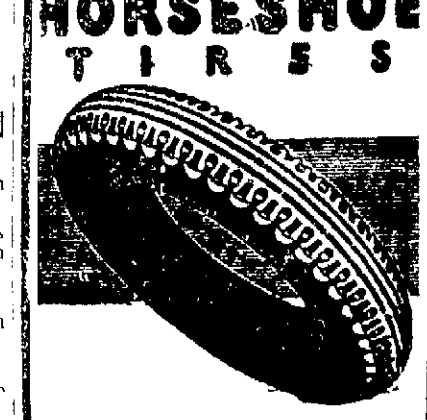

With two conference victories to their credit, one of them over a strong team as there is in the circuit, the Orange squad has gotten used to the 10 to 9 points snail. The wins were over Oshkosh and Sheboygan the result of the latter game being more or less of a surprise to the majority of Fox River valley fans.

CAN'T ESTIMATE LOSS IN APPAREL SHOP FIRE

No estimate on the damage caused by fire, heat, water and smoke to the stock of Beris Style Shop, 117 E. College-ave, the interior of which was practically destroyed in a fire Tuesday night, could be made Thursday. Practically the entire stock is a total loss, however. The loss to the building amounted to about \$1,500.

DEATHS

JOHN H. JENNIE
John H. Jennie, Wausau, a brother of Mrs. Anna B. Diener, N. Meade-st., died at the home of his son John H. Jennie, Jr., Saturday night. The cause was taken to the home of another son, Mark M. Jennie, Merrill, and buried in the Merrill cemetery. Mr. Jennie was born at Rochester, N. Y., in 1846 but spent most of his life at Jennie, now Merrill.

OTTO SCHULTZ
Otto Schultz, formerly of this city, died Wednesday morning at Chicago. He is survived by his widow and two children, both of Chicago. His father, Charles Schultz, three brothers, Albert, William and Walter of Appleton and two sisters, Evelyn of Appleton and Mrs. Parker Forrest of Chicago. The funeral will be held at 2 o'clock Saturday afternoon in Chicago. Interment will be in Chicago.

ROBERT KUBORN
The funeral of Robert Kuborn, 5-year-old son of Mr. and Mrs. Joseph Kuborn of Kimberly was held at 9 o'clock Thursday morning at Holy Name church at Kimberly. Burial was in the Kimberly cemetery. Four small boys acted as bearers.

MRS. JANETTE SIBLEY
Mrs. Janette Sibley, 85, for many years a resident of Appleton, died at her home at 1821 N. Oneida-st. Thursday morning after an illness of about three weeks. Born in Troy, N. Y., Mrs. Sibley came out to Wisconsin to live in Racine when a small child, and in a few years moved to the village of Appleton as it was then. Surviving are one son, Elbert Sibley, two grandchildren, Mrs. Mabel Sibley and Mrs. Frank E. Spencer, Jr., and a great-grandchild, Frank S. Spencer, all of Appleton. The funeral will be from the home at 2:30 Saturday afternoon with the Rev. H. E. Peabody in charge.

MCGINNIS FUNERAL
Funeral services for John D. McGinnis, who died Monday morning, were held at 8 o'clock Thursday morning from the late home, 1032 W. Fifth-st., and at 8:30 at St. Mary's church. Burial was in St. Mary's cemetery. Bearers were Anton Walker, John Postel, P. H. Ryan, Joseph McCarty, Henry Lemke and P. J. Vaughn. Out-of-town persons at the service were George Roshek, Joliet, Ill., Mrs. J. Kohlman, Kenosha, and Mrs. Paul Kocker, West Bend.

PERSONALS

Change Service Hour
German services at St. Matthew church will be held 15 minutes earlier beginning Sunday, Jan. 24. It will be held at 8:45 instead of 9 o'clock. English services will be held at the regular time at 10 o'clock.

TIPPING IN RUSSIA PUNISHABLE OFFENSE

Moscow (AP)— Tipping in Soviet Russia is a punishable offense.

The few Americans who have found their way to this revolutionary land have been astonished to find that the Bolsheviks look upon any kind of gratuity as a "bribe."

One of the most frequent signs in the Moscow restaurants is, "Don't degrade your fellow-man by offering him a tip; tipping is a form of bribery." Another is, "A bribe is punishable as a criminal offense; therefore don't attempt to give tips."

Despite warnings, however, tourists soon find hotel employees, waiters and public servants show a surprising readiness to accept "tips," particularly if no one is looking.

As the Bolsheviks regard tipping as a species of "bribery," so they regard the white apron, laundered shirt and stiff collar usually worn by waiters as "degrading." Therefore, in order to give complete "equality" to this class of workers, they have ordered the mto wear matty blue blouses, with army style collar and no tie.

SAYS SOFT DRINKS ARE REPLACING HARD LIQUOR

Chicago (AP)— Hard liquor in the United States is being superseded by ringer ale and other carbonated beverages, in the opinion of Captain R. Q. Morris, an assistant to the prohibition administrator for the Chicago district.

When asked if most of the soft drinks were not being used as "chaser" or diluents for alcoholic beverages, the officer said the sodas were being consumed for their own worth.

THE WRECK OF THE CENTURY LIMITED

When the fifth section of the Twentieth Century Limited, crack flyer of the New York Central, was being backed out of the Chicago depot yards the inbound sixth section, traveling at a rate high of speed, crashed into it. Three persons were injured, one probably fatally, and scores of passengers were shaken up. Debris was scattered over four tracks. At the right of this picture can be seen the engine of the sixth section jammed into the rear Pullman of the fifth section.

Markets

STOCKS JUMP AT MARKET OPENING

Reappearance of William C. Durant Brings in Many Buying Orders

New York (AP)— The dramatic re-appearance of William C. Durant into the stock market brought a flood of buying orders into Thursday's stock market, which opened with a strong tone. Initial gains of one to two points were recorded by American Can, American Smelting, Baldwin, DuPont, Hudson, Stewart Warner speedometer and Frisco Common. Associated The first sale of United States Steel Common was 5,000 shares at 135 1/4.

Short covering played an important part in the early advance which embraced a wide variety of issues. Nash Motors jumped five points, Dupont extended its gain to three and Baldwin, American Can, International Telephone and United States. Cast Iron Pipe sold two or more points above Wednesday's final quotation before the end of the first half hour. Rails moved up with the industrials, a brisk demand for Frisco common on reports of important pending developments being one of the early features. Lackawanna moved up two points, and New York Central, New Haven and Chicago and Northwestern sold a point or so higher. The initial bulge was followed by a wave of profit taking, which carried Baldwin and United States Steel down a point from their early highs. Foreign exchanges opened easy. Demand sterling yielding to 4.85 1/4, and French francs falling over three points to 3.73 cents.

Immediate requirements of the short interests having been apparently satisfied, the market yielded when selling was resumed in a number of shares. Atlantic Coast Line fell five points, and National Biscuit 2, St. Louis and San Francisco declined to 1/2, and a number of the popular industrials were also soft. Subsequent bidding up of various specialties caused the market to harden. National Biscuit rose to 84 and California packing to 14 1/4; both new high figures. South Porto Rico sugar jumped five points and Nash Motors went up 17 to 54. Call loans were unchanged at 4 per cent. The closing was easy. Total sales approximated 1,400,000 shares.

CAT, WITH FUR COSTLY, NEEDS ALL HIS 9 LIVES

Paris (AP)—Cats are becoming so popular with furriers that they now need their proverbial nine lives more than ever.

The only difference between the sleek, well-bred household favorite and the ordinary, low-caste prowler of the neighborhood, is that the former may find himself transformed into a cloak and christened with a high-sounding name, while the other goes into the making of rugs for automobiles.

Peat lands in Minnesota, long thought unfit for anything, are being reclaimed by the use of tractors.
